When Gravity Snaps

Eric A. Bier

When Gravity Snaps:

Love as a Stranger Owen Marshall,2016-03-28 Brilliantly tracing the progress of unexpected love and the perils of relationships this gripping novel is a tour de force Temporarily in Auckland while her husband is undergoing treatment Sarah enjoys a walk in the coolness of the Symonds Street Cemetery As she pauses at the grave of Emily Keeling murdered in 1886 by a rejected suitor a stranger named Hartley strikes up a conversation Before long he arranges to meet Sarah for coffee So their friendship begins and soon blossoms into an affair rich in mutual understanding and sexual excitement But love may become obsession which brings with it disquieting demands even menace When love is not madness it is not love A.B.C. of Snap Shooting Horace Fletcher,1880 Snap-dragging Eric A. Bier,1988 A new technique has been developed for designing precise two and three dimensional shapes rapidly and interactively A synthesis of the best properties of grid based systems constraint networks and drafting has resulted in a new technique called snap dragging To aid precise construction a set of lines circles planes and spheres called alignment objects are constructed by the system at a set of sloped angles and distances specified by the user These alignment objects are constructed at each vertex or edge that the user has declared to be hot of interest Vertices and edges can also be made hot by the system automatically through some heuristics The user can snap the cursor onto these alignment objects onto their points or lines of intersections or onto scene objects using an adjustable gravity mapping Finally the user can translate rotate scale and skew shapes by specifying which operation is desired then grabbing a point on the object and dragging it to a suitable precise location Snap dragging was incorporated into prototype two dimensional illustration system at Xerox PARC which has been used successfully by a community of users since 1986 What If the Moon Suddenly Disappears?: And 20 Other 'What Ifs' to Blow Your Mind Atreyi Kaul,2025-05-26 What If the Moon Suddenly Disappears And 20 Other What Ifs To Blow Your Mind Ever wondered what would happen if gravity stopped working or if your dreams were real in another dimension Welcome to a book that flips reality on its head In this wildly imaginative and science packed adventure 15 year old Atreyi Kaul explores 21 of the weirdest What if questions you ve never dared to ask From disappearing moons to photosynthesizing humans to 10 seconds without gravity this book blends storytelling science and humor in a way that will leave your brain buzzing Packed with quirky facts real science and laugh out loud moments this book is for every curious kid teen or grown up who s ever stared at the sky and thought Wait what if **Systems for Nuclear Auxiliary Power (SNAP)** ,1964 **Ender's Game and Philosophy** D. Wittkower,Lucinda Rush,2013-09-17 Ender s Game Orson Scott Card s award winning 1985 novel has been discovered and rediscovered by generations of science fiction fans even being adopted as reading by the U S Marine Corps Ender s Game and its sequels explore rich themes the violence and cruelty of children the role of empathy in war and the balance of individual dignity and the social good with compelling elements of a coming of age story Ender s Game and Philosophy brings together over 30 philosophers to engage in wide ranging discussion on issues such as the justifiability of pre emptive strikes

how Ender's disconnected and dispassionate violence is mirrored in today's drone warfare whether the end of saving the species can justify the most brutal means the justifiability of lies and deception in wartime and how military schools produce training in virtue The authors of Ender's Game and Philosophy challenge readers to confront the challenges that Ender's Game presents bringing new insights to the idea of a just war the virtues of the soldier the nature of childhood and the serious work of playing games

Snap Shots, 1927 The Auckland University Press Anthology of New Zealand Literature Jane Stafford, Mark Williams, 2013-02-12 This is the first single volume collection of Aotearoa's major writing from early exploration and encounter to a globalised multicultural present In fiction and non fiction letters and speeches stories and songs the editors unearth the diverse voices of the New Zealand imagination And for years to come this anthology will be our guide to what's worth reading and why
