Taiwan's Defense Reform:

Taiwan's Defense Reform Martin Edmonds, Michael M. Tsai, 2012-07-11 The stand off across the Straits of Taiwan continues to be one of the most dangerous confrontations in Asia. The technical superiority of the Taiwanese forces has been a major factor in maintaining balance but as mainland China's armed forces modernize Taiwan's advantages are being eroded. In response Taiwan has recently undertaken a major reform of its armed forces. Bringing together a wide range of experts including people who are involved in defence policy making in Taiwan this book presents a comprehensive analysis of these reforms and assesses their likely effectiveness. Chapters are devoted to issues including the Chinese threat, the domestic context of reform, the role of the United States and specific defence issues making the book an invaluable guide to the changes undertaken and underway within Taiwan's strategic environment. With a foreword by Taiwanese President Chen Shui-bian Taiwan's Defense Reform will be of interest to policy makers and academics working in this vital strategic area.

Deterring Conflict in the Taiwan Strait Michael D. Swaine, 2004 Global Politics of Defense Reform Thomas Bruneau, Harold Trinkunas, 2008-02-15 This volume analyzes the impact of key global trends on civil-military relations by examining defense reform processes since the end of the Cold War. Civil-military relations are reconceptualized to emphasize three dimensions: civilian control of the armed forces, effectiveness in carrying out roles and missions, and efficiency in use of resources. The key global trends that affect these dimensions are the globalization of new norms and ideas, the democratization of governance, technological innovation, and economic liberalization. By focusing on defense reform processes, this book examines cases where civil-military relations can potentially alter quite rapidly under the impact of global trends. By comparing cases across Europe, Asia, North and South America, this book argues that democratization and globalization have had an outsized role in determining the timing and sequence of defense reform and the consequent impact on civil-military relations.

The US Role in Taiwan's Defense Reforms Michael Pillsbury, 2004 *Taiwan's Security Policy* Michael Chase, 2008 Confounding expectations Taiwan is reducing its military spending even as its sole adversary the People's Republic of China modernizes its military and significantly increases its defense budget. Michael Chase examines the key factors that have shaped Taiwan's security policy over a span of three decades. Chase explores both the role of US security assurances in formulating Taiwan's defense policy and the profound influence that domestic politics has played. He also considers the context of cross-strait relations and the implications of Taiwan's security choices for potential instability and conflict in the region and beyond. Relying on extensive Chinese language sources and interviews, he offers the most definitive treatment of Taiwan's security policy to date.

□□□□□□, 2004 *Asian Survey*, 2008 *Presidential Politics in Taiwan* Steven M. Goldstein, Julian Chang, 2008 **Military Modernization in an Era of Uncertainty** National Bureau of Asian Research (U.S.), 2005 Focuses on the defense capabilities of key Asian powers in the context of their grand strategies. Through a combination of country, regional, and topical studies, the book assesses how Asian states are modernizing their

military programs in response to China's rise as a regional power the war on terrorism changes in U.S. force posture the revolution in military affairs and local security dilemmas In addition to this central theme each chapter examines the changing balance of power in Asia and identifies likely threats and opportunities that may arise in the next five years
