**The Geographer's Library** Jon Fasman, 2006-02-28 A brainy noir a winningly cryptic tale a cabinet of wonders written by a novelist whose surname and sensibility fit comfortably on the shelf between Umberto Eco and John Fowles Los Angeles Times One of the year's most literate and absorbing entertainments Kirkus Reviews Jon Fasman's dizzyingly plotted intellectual thriller suggests a marriage between Dan Brown and Donna Tartt When reporter Paul Tomm is assigned to investigate the mysterious death of a reclusive academic he finds himself pursuing leads that date back to the twelfth century and the theft of alchemical instruments from the geographer of the Sicilian court Now someone is trying to retrieve them Interspersed with the present action are the stories of the men and women who came to possess those charmed and sometimes cursed artifacts which have powers that go well beyond the transmutation of lead into gold Deftly combining history magic suspense and romance and as handsomely illustrated as an ancient incunabulum *The Geographer's Library* is irresistible

*The Geography of State Policies* J. R. V. Prescott, 2014-10-03 This book examines the reciprocal relationships between geography and the policies of states The text begins with a theoretical analysis which sets the study in the context of geography and related fields and an analysis of certain global strategies advocated by geographers and others The remainder of the book deals with policies of defence development and administration

*The Geography of Frontiers and Boundaries* J. R. V. Prescott, 2014-10-03 This book originally published in 1986 shows the importance of geography in international power politics and shows how geopolitical thought influences policy making and action It considers the various elements within international power politics such as ideologies territorial competition and spheres of influences and shows how geographical considerations are crucial to each element It considers the effects of distance on global power politics and explores how the geography of international communication and contact and the geography of economic and social patterns change over time and affect international power balances
