Cameron, 2021-09-09 *Open Your Heart to Nature and Beyond* maintains there is one problem separation from the Divine and one solution applying some form of forgiveness It details the holding relationships that actually separate us from the Divine and how to use the Law of Forgiveness to let them go and open our hearts to God's presence Like a computer delete key the activity of forgiveness allows us to let go physically emotionally and mentally until we join Universal Being This Divine encounter is divided into 7 distinct stages with descriptions based on experiences of the author as well as poets and individuals from other major religions This book also suggests that a religious experience is simply having an experience of the Zero Energy Field as defined in quantum physics The Zero Energy Field is defined as the activity of subatomic particles such as photons electrons and other quantum particles in space at temperatures of absolute zero Research indicates that humans can affect this field with pray which is the mental activity of calling these energy particles to organize and outpicture as manifestations in nature We also have the ability to apply the Law of Forgiveness that Jesus introduced and release the electrons neutrons and protons forming something in the world and in our minds and thereby causing them to disorganize them and return to the Zero Energy Field *Chapters XVII-XX* Emanuel Swedenborg, 1912 *New-Church Messenger*, 1921 *The Apocalypse Explained, According to the Spiritual Sense* Emanuel Swedenborg, 1871 **Theological Works: The heavenly arcana disclosed ... which are in Genesis ([v. 1-11]) [and] in Exodus ([v. 12-19])** Emanuel Swedenborg, 1907 **The Heart-Healthy Diet** Michael Sterling, *The Heart Healthy Diet A Science Backed Guide to Preventing and Reversing Heart Disease Through Nutrition* By Michael Sterling Heart disease doesn't happen overnight It develops silently through daily habits food choices and inflammation that builds over time The good news Nutrition can be one of your most powerful tools for protecting and even improving your heart health But with so much conflicting advice
