**The Mirror in the Text** Lucien Dällenbach,1989-07-27 The Mirror in the Text is concerned with the literary and artistic device of mise en abyme the use of an element within a work which mirrors the work as a whole like the play within a play in Hamlet In this classic study Lucien D llenbach provides the first systematic analysis of this device and its literary and artistic applications from Van Eyck and Velasquez to Gide Beckett and the French nouveau roman Alongside this wealth of examples D llenbach constructs his theoretical argument with elegance and clarity assuming no previous knowledge of arcane and specialized theory but guiding the reader helpfully through the maze of literary criticism The result is a new conceptual field a new grammar of the mise en abyme and an examination of its function within the work of art and literature The highly original study has been acclaimed as one of the most important works of contemporary literary theory It will be of interest to all students of English and European literature as well as to students of the visual arts
