

The Montauk Project

Are you ready for the history of a decades old secret project developed with the aim to control minds and warp time and space? For Neo Nazis, aliens, and secret colonies of men on Mars? For teleporting warships and vanishing men? For orgone energy, radiosondes, and time warping antenna? Are you?

If you feel brave enough, then continue onwards and learn the amazing truth behind the strange and bizarre world of...

THE MONTAUK PROJECT

DISCLAIMER: The following material is primarily derived from the book *The Montauk Project* (©1992, Skybooks), written by Preston B. Nichols and Peter Moon. This book gives the supposed history of several government projects, starting with the infamous "Philadelphia Experiment" conducted in August of 1943. Although the book tries to pass itself off as a "nonfiction" examination of the events, it's painfully obvious (to me anyway) that most of the content is pseudoscientific gibberish. This article is an attempt to present the information contained in the book in a manner usable with *HERO System 6th Edition*. It's not, by any stretch of the imagination, meant to be considered a presentation of "what really happened." So with that in mind, read on and enjoy.

THE PHILADELPHIA EXPERIMENT

Many people have heard of the Philadelphia Experiment, although those who have any idea what it was really about are far less numerous. The Experiment seems to fall into the same realm as the Kennedy Assassination; an event clouded by rumor and supposition, the exact truth of which never to be known. In addition, both incidents are also plagued by a mass of incorrect or inaccurate information. And, of course, conspiracy buffs are more than happy to create wild, intricate plots involving virtually anyone and everyone on the planet (and in the case of the Philadelphia Experiment, *off* the planet).

THE "FACTS" AS WE KNOW THEM

On August 12, 1943 (or October 28, 1943 -- accounts differ) the US Navy conducted a test of some sort on the USS *Eldridge* (DE [Destroyer Escort] 173) at the Philadelphia Navy Yard. The exact nature of the test is open to speculation, with possible candidates including experiments in magnetic invisibility, radar invisibility, optical invisibility, or degaussing (rendering the ship immune to magnetic mines). The test (or
