The Muslim marriage guide Ruqaiyyah Waris Maqsood,2006 *The Muslim Marriage Guide* Ruqaiyyah W. Maqsood,2007 **Muslim Marriage Guide** ,1994 **The Muslim Marriage Guide** Ruqaiyyah Waris Maqsood,2008 *Islamic Counselling* G. Hussein Rassool,2015-07-16 Islamic counselling is a form of counselling which incorporates spirituality into the therapeutic process Until now there has been little material available on the subject with no one agreed definition of Islamic counselling and what it involves There has also been a rapidly growing population of Muslims in Western societies with a corresponding rise in need of psychological and counselling services *Islamic Counselling An Introduction to theory and practice* presents a basic understanding of Islamic counselling for counsellors and Islamic counsellors and provides an understanding of counselling approaches congruent with Islamic beliefs and practices from a faith based perspective The book is designed as an introduction for counsellors its goal is to inform the reader about how the diverse roles of the Islamic counsellor fit together in a comprehensive way and to provide the guidelines that can be potentially integrated into a theoretical framework for use The book is divided into two parts Section one Context and Background and Section two Assessment Models and Intervention Strategies *Islamic Counselling* encompasses both current theory research and an awareness of the practice implications in delivering appropriate and effective counselling interventions with Muslim clients It will be essential reading for both professionals and students alike *Women's Rights and Islamic Family Law* Lynn Welchman,2004-06 Explores the present day realities of Islamic family law with particular emphasis on the rights of women and focusing on law in its living social context as reflected in public opinion and personal experience **British Muslim Converts** Kate Zebiri,2014-10-01 Indispensable for anyone trying to understand Islam in the West When the Western mass media talk of conversion to Islam we are bombarded with accounts of vulnerable people brainwashed into a culture of extremism However in reality the vast majority who convert are well educated and doing so as the result of a long considered and heartfelt decision What is more their numbers are multiplying The only exploration of this unique group in British society this well argued and powerful book investigates the fascinating contribution that Western converts to Islam are making to Islamic thought *Islamic Law and Muslim Same-Sex Unions* Junaid Jahangir,Hussein Abdullatif,2016-10-03 This book is written with the objective of reasonably addressing the need of Muslim gays and lesbians for a life which involves intimacy affection and companionship within the confines of a legal contract Contemporary conservative Muslim leaders unreasonably promote false marriages with straight spouses failing which they prescribe the solution of permanent celibacy as a test This book delves into an extensive scholarship on the same sources that conservative Muslim leaders draw on the Qur an Hadith and jurisprudence It is argued that the primary sources of Muslim knowledge addressed sexual acts between the same gender in the context of inhospitality exploitation coercion and disease but not true same sex unions past Muslim scholarship is silent on the issue of sexual orientation and Muslim same sex unions The arguments of contemporary conservative Muslim

leaders are deconstructed and the case for Muslim same sex unions is made based on jurisprudential principles and thorough arguments from within the Muslim tradition
