Reading the Romance Janice A. Radway, 2009-11-18 Originally published in 1984 Reading the Romance challenges popular and often demeaning myths about why romantic fiction one of publishing s most lucrative categories captivates millions of women readers Among those who have disparaged romance reading are feminists literary critics and theorists of mass culture They claim that romances enforce the woman reader s dependence on men and acceptance of the repressive ideology purveyed by popular culture Radway questions such claims arguing that critical attention must shift from the text itself taken in isolation to the complex social event of reading She examines that event from the complicated business of publishing and distribution to the individual reader s engagement with the text Radway s provocative approach combines reader response criticism with anthropology and feminist psychology Asking readers themselves to explore their reading motives habits and rewards she conducted interviews in a midwestern town with forty two romance readers whom she met through Dorothy Evans a chain bookstore employee who has earned a reputation as an expert on romantic fiction Evans defends her customers choice of entertainment reading romances she tells Radway is no more harmful than watching sports on television We read books so we won t cry is the poignant explanation one woman offers for her reading habit Indeed Radway found that while the women she studied devote themselves to nurturing their families these wives and mothers receive insufficient devotion or nurturance in return In romances the women find not only escape from the demanding and

often tiresome routines of their lives but also a hero who supplies the tenderness and admiring attention that they have learned not to expect. The heroines admired by Radway's group defy the expected stereotypes: they are strong, independent, and intelligent. That such characters often find themselves to be victims of male aggression and almost always resign themselves to accepting conventional roles in life has less to do with Radway's argument about women's fantasies and choices than with their need to deal with a fear of masculine dominance. These romance readers resent not only the limited choices in their own lives but the patronizing attitude that men especially express toward their reading tastes. In fact, women read romances both to protest and to escape temporarily the narrowly defined role prescribed for them by a patriarchal culture. Paradoxically, the books that they read make conventional roles for women seem desirable. It is this complex relationship between culture, text, and woman reader that Radway urges feminists to address. Romance readers, she argues, should be encouraged to deliver their protests in the arena of actual social relations rather than to act them out in the solitude of the imagination. In a new introduction, Janice Radway places the book within the context of current scholarship and offers both an explanation and critique of the study's limitations.

Whitney, 2018-03-06 Three spellbinding romantic thrillers from the New York Times bestselling and Edgar Award winning master of suspense Mary Higgins Clark. Now in one volume. Three of the most haunting novels by the queen of the American gothics. The New York Times Hunter's Green. When Eve North returns to Athmore, it's to win back the love of her estranged husband Justin. But she's dangerously unaware of the secrets in the sprawling English estate and the motives of those who protect them, including Justin's brother who once preyed on Eve's emotions, Justin's manipulative new fiancée, and Justin himself. Eve's only ally appears to be the old family gardener who has carved from the green black yew a magnificent chessboard, both a topiary masterpiece and a warning. *Dream of Orchids*. Laurel York has come to Key West at the request of her estranged father, expecting to heal old wounds with the celebrated author. Instead, she's greeted with the unexpected: her father's cold reception, two weird stepsisters, and whispers of a woman's bizarre death in a greenhouse full of orchids. The only one pleased with her presence is her father's mysterious collaborator. But in a house of bad blood and family secrets, trusting the wrong person could cost Laurel her life. *The Winter People*. Manhattan art curator Diana Blake is looking forward to finally meeting her husband Glen's family. Unfortunately, when she arrives at the lakeside Victorian mansion in the snowy Jersey hills, the greeting is as ice cold as the frozen Gray Rocks Lake where Glen's mother mysteriously drowned. But it's Glen's twin sister who casts the most sinister shadow. Because it's here, in dark halls of High Towers, where a strange sibling rivalry will draw Diana into a chilling and inescapable game of family secrets. This trio of atmospheric psychological thrillers once again
