Understanding The Development Of Inclusive Schools:

Understanding the Development of Inclusive Schools Mel Ainscow, 2002-01-04 The current emphasis on individualised intervention programmes for students with special needs may not only be impractical but also undesirable This book compares and contrasts special needs approaches with school effectiveness strategies The author sets out theories about inclusive schooling that arise out of a detailed scrutiny of practice The link between theory and practice will be welcomed by many practitioners With extensive examples from the field to illustrate Ainscow's ideas this is an eminently accessible text *Inclusion and Diversity in Education: Developing inclusive schools and school systems* Peter Hick, Gary Thomas, 2009 This 4 volume set brings together seminal articles and key writings on the theme of inclusion and diversity in education The collection takes disability and special educational need as a starting point from which to develop a broader focus on a range of themes relating to learners who may be marginalised from educational opportunities This includes for example members of minority ethnic communities students excluded from schools or who are looked after in public care and other dimensions of exclusion arising from social class gender or sexuality The starting point for understanding inclusive education lies in social justice perspectives and this forms the basis for the first volume Volumes two and three focus on research aimed at developing more inclusive practices both at the levels of schools and school systems and at the levels of inclusive pedagogy enacted in the classroom and through the curriculum Volume four reflects the range of voices in research on inclusive education drawing on traditionally marginalised voices and those of learners in particular Three cross cutting themes are represented across all four volumes a chronological approach showing how key concepts and perspectives have developed in each area of the literature identified groups of learners developing more nuanced readings of how processes of exclusion and inclusion intersect dimensions such as disability class and race and contexts for learning such as urban education and global or comparative perspectives , *Inclusion and Diversity in Education: Inclusive pedagogy in curricula and classrooms* Peter Hick, Gary Thomas, 2009 This 4 volume set brings together seminal articles and key writings on the theme of inclusion and diversity in education The collection takes disability and special educational need as a starting point from which to develop a broader focus on a range of themes relating to learners who may be marginalised from educational opportunities This includes for example members of minority ethnic communities students excluded from schools or who are looked after in public care and other dimensions of exclusion arising from social class gender or sexuality The starting point for understanding inclusive education lies in social justice perspectives and this forms the basis for the first volume Volumes two and three focus on research aimed at developing more inclusive practices both at the levels of schools and school systems and at the levels of inclusive pedagogy enacted in the classroom and through the curriculum Volume four reflects the range of voices in research on inclusive education drawing on traditionally marginalised voices and those of learners in particular Three cross cutting themes are represented across all four volumes a chronological approach showing

how key concepts and perspectives have developed in each area of the literature identified groups of learners developing more nuanced readings of how processes of exclusion and inclusion intersect dimensions such as disability class and race and contexts for learning such as urban education and global or comparative perspectives **Inclusive Schools in Action** James McLeskey, Nancy Waldron, 2000-12-15 The nuts and bolts of creating an inclusive school is here in **Inclusive Schools in Action Making Differences Ordinary** The authors share their wisdom and practical advice after successfully integrating inclusion into 50 schools Use their framework developed from their experiences in the field to better meet the academic and social needs of all your students Authors James McLeskey and Nancy Waldron present a framework that enables teachers and administrators to collaborate as they discuss experience reflect and apply information on school change and inclusion to their own schools The change process is based on the authors belief that inclusive schools cannot be developed from a prescribed model instead the school must reflect its own beliefs attitudes culture and skills The result of this process is that schools that are more responsive to the individual needs of all students The framework and collaborative reform that McLeskey and Waldron propose Considers the attitudes and beliefs of school professionals Clarifies the goals of a local inclusive program Recognizes barriers to reorganizing special and general education instruction Addresses the reasonable concerns of school personnel and parents **Inclusive Schools in Action** contains many examples and perspectives from classroom teachers along with figures that present strategies adaptations and other practical information By weaving together their experiences with the research the authors provide educators with comprehensive information and tools for developing or improving inclusive schools Note This product listing is for the Adobe Acrobat PDF version of the book
