Mischiefmakers Maasi J. Smith, 2013-09-21 Dr Smith Launches New Book October 10 2013 Dr Smith a renowned doctor of podiatric medicine today announced the launch of his book *Mischiefmakers* Sources confirmed that the book is a horror novel When contacted Dr Smith said I am extremely excited to announce the launch of my book It is for everyone who loves reading horror novels with suspense and excitement He further added I hope people would love reading it as it is interesting scary and full of twists and turns Sources confirmed that the story in book is a frightening combination of devil possession vs faith in God The story has a few memorable characters The novel is written in a way that the readers are able to relate with the characters The book is able to touch the depths of human soul as it is an enormously fast paced and an enjoyable page turner The spine tingling tale is about a woman who becomes entangled amid two dimensions She has no idea about the demon that follows and protects her Smith narrates a horrifying thought provoking tale and gets the reader on a trip of unseen evil spiritual depths of world The book is available on Amazon com [Conceiving Histories](#) Isabel Davis, 2025-09-02 A fascinating and beautifully illustrated account of trying to conceive in both the past and the present Inspired by the author's own experiences *Conceiving Histories* brings together history personal memoir and illustration to investigate the culturally hidden experience of trying to conceive In elegant engaging prose Isabel Davis explores the combination of myth fantasy science and pseudo science that the un reproductive body encounters in pursuit of a viable pregnancy The book chronicles the trying to conceive lifecycle arc from sex education at school through the desire to be a parent into the specifics of trying and struggling to conceive It also looks back at conception throughout history to open a new vista on what we live with today A central argument of Davis's is that historical people lived with the unknown just like we do but were more explicitly able to acknowledge it In an age of assistive reproductive technologies the act of embracing uncertainty seems difficult Although the topic of not conceiving is potentially painful this is not a grim book more than grief it is motivated by curiosity wonder compassion and even humor With 108 full color illustrations *Conceiving Histories* is also a beautiful material object an intentionally playful antidote and supplement to online search engines the resort of so many embroiled in fertility challenges
