Unholy Sacrifice:

Unholy Sacrifices of the New Age Paul DeParrie, Mary Pride, 1988 **Rome's Visceral Reactions** Caitlin Hines, 2026-01-12 In ancient Rome the Latin word viscera denoted the inner parts of the body where physical sensations related to fear and anger could be felt and whose injury meant certain death Viscera were also entangled with religious political and reproductive imagery the word could refer to cuts of sacrificial meat the inner workings of a governing body a mother's fertile womb and the offspring she has carried It appears in scientific descriptions of human anatomy in elaborations of violent deaths accusations of political conspiracy and the laments of parents who must watch their children die The sudden expansions of viscera into vivid metaphors for the body politic the violated womb and the desecrated sacrifice materialized in parallel with watershed moments in Roman history reflecting urgent contemporary anxieties about politics reproduction and succession Rome's Visceral Reactions traces and interprets the semantic history of viscera whose progressive acquisition of new meanings offers a compelling case for the dynamic interaction between body metaphor semantic change and political crisis at Rome Caitlin Hines follows the history of viscera from its earliest attestations through the end of the Julio Claudian period and considers the works of Lucretius Cicero Vergil Livy Ovid Seneca and Lucan Applying theories of embodied cognition and semantic change Hines demonstrates how Roman authors influenced the development of their language through the invention reception and affirmation of innovative meanings and how pressing political and cultural crises could shape and be shaped in return by the sophisticated linguistic games of the Roman literary elite

Euripidean Polemic N. T. Croally, 1994-10-20 This book sets out to interpret Euripides *The Trojan Women* in the light of a view of tragedy which sees its function as it was understood in classical Athens as being didactic This function the author argues was carried out by an examination of the ideology to which the audience subscribed *The Trojan Women* powerfully exploiting the dramatic context of the aftermath of the Trojan War is a remarkable example of tragic teaching The play questions a series of mutually reinforcing polarities man god man woman Greek barbarian free slave through which an Athenian citizen defined himself and also examines the dangers of rhetoric and the value of victory in war By making the didactic function of tragedy the basis of interpretation the author is able to offer a coherent view of a number of long standing problems in Euripidean and tragic criticism namely the relation of Euripides to the sophists the pervasive self reference and anachronism in Euripides the problem of contemporary reference and the construction and importance of the tragic scene The book which makes use of recent scholarship both in Classics and in critical theory should be read by all those interested in Greek tragedy and in the culture of late fifth century Athens **The Cosmopolitan**, 1889 *The Agents Collection: Agents of the Apocalypse / Agents of Babylon* David Jeremiah, 2016-09-01 This collection bundles two of respected author David Jeremiah's best selling prophecy books into one e book for a great value *Agents of the Apocalypse* Are we living in the end times Is it possible that the players depicted in the book of Revelation could be out in force today

And if they are would you know how to recognize them In Agents of the Apocalypse noted prophecy expert Dr David Jeremiah does what no prophecy expert has done before He explores the book of Revelation through the lens of its major players the exiled the martyrs the elders the victor the king the judge the 144 000 the witnesses the false prophet and the beast One by one Dr Jeremiah delves into their individual personalities and motives and the role that each plays in biblical prophecy Then he provides readers with the critical clues and information needed to recognize their presence and power in the world today The stage is set and the curtain is about to rise on Earth s final act Will you be ready Agents of Babylon In his 1 New York Times bestseller Agents of the Apocalypse noted prophecy expert Dr David Jeremiah explored the book of Revelation through the lens of its major players Now in the much anticipated follow up Agents of Babylon Dr Jeremiah examines prophecy through the eyes of the characters in the book of Daniel explains what the prophecies mean and helps us understand how these prophetic visions and dreams apply to our lives today Written in the same highly engaging half dramatization half Bible teaching format as Agents of the Apocalypse Agents of Babylon is not only an in depth exploration of the characters and prophecies contained in the book of Daniel but also a dramatic retelling of Scripture that is sure to bring ancient prophecy to light like never before
