This book investigates the influence of an informal support network on the growing population of nontraditional learners and explores the implications of this support network for learner persistence and success Obviously the end objective is success for the nontraditional learner This success can manifest itself in the form of an intrinsic motivational purpose for career advancement or continuing education Whatever the reason education is a precious gift and degree attainment should be encouraged regardless of the learner s stage of life Who should read this book Nontraditional learners instructors of nontraditional learners the support networks and the nontraditional learners mentors as well as counselors who are working with adult learners will benefit from the insights provided herein In addition it is my sincerest hope that this book can act as a guide to assist working adult learners who enter institutions of advanced learning later in life to achieve their goal of earning a degree The book establishes a theoretical foundation based on an examination of current trends in education in general The experiences of the nontraditional learner both positive and negative are introduced The discussion of challenges facing the nontraditional learner as they pursue their college education is covered A nontraditional learner reading this book can conduct a mini assessment to determine if they have similar characteristics The book further highlights some of these commonalities so that the reader can identify with the experience and determine what they need to do to succeed and whether they will be successful in their educational journey The book is concluded by creating recommendations to help the nontraditional learner to be able to develop the characteristics needed to succeed and overcome the challenges that they will face as they pursue their education *Green Gold* Doug McGuinn,2008-01-01 In 1904 when the Hassinger brothers Luther L C Will and John came from the northwestern Pennsylvania county of Forest to the southwestern Virginia county of Washington with the idea of continuing their father s lumber business they liked what they saw thousands of acres of virgin forest Two years later they built a sawmill in Washington County and a company town to support its workers L C s mother Letisha named the town Konnarock In less than ten years the Hassinger Lumber Company of Konnarock Virginia had employed over 400 workers laid down over 75 miles of railroad track they named their railroad the White Top Railway built 20 logging camps and sawed almost 60 000 board feet of lumber per day at its mill Not only did the Hassinger Lumber Company cut timber in Washington County Virginia they also did extensive timbering in neighboring Ashe County North Carolina and also sawed timber cut in Watauga County North Carolina when the Deep Gap Tie and Lumber Company located in the Watauga County village of Deep Gap bought the Hassinger Lumber Company s Shay locomotive No 3 sending its logs to the Hassinger sawmill in Konnarock 50 miles away By the time the blades went silent on Christmas Eve 1928 almost 400 million board feet of the area s best wood had passed through the Hassinger Lumber Company s sawmill This book contains the story of the Hassinger Lumber Company and its company town Konnarock as well as information about the Beaver Dam
