## **When Someone Is Afraid:**

**Why Are People Afraid of Love?** Rev. Tony K. Thomas, 2019-01-03 There is a popular song that says What the world needs now is love sweet love and while the world and even Christians seek more love so many souls are falling into the trap of being afraid to love Yet God s desire is for his children to learn the truth of his nature that he is love Why are people afraid of love addresses this fear of loving and being loved especially in this generation in which there is a worldwide epidemic of failed relationships Author Rev Tony K Thomas invites you to look inside your soul and make some necessary personal adjustments when it comes to relationship building by simply asking the question Am I afraid of love The answer can be revealing as God s Spirit reveals to your heart and soul his love and your ability to love God wants to remove our fear of loving and he will help you during this season of singleness If you have had failed relationships or encounters or if you are married now but didn t get off to the smooth start you were expecting after the I do Why are people afraid of love can remind you of the origin and power of love that comes from above As 1 John 4 18 says perfect love will show fear the door

**Self-Knowledge in Ancient Philosophy** Fiona Leigh, 2020-02-28 Self knowledge a person s knowledge of their own

thoughts character and psychological states has long been a central focus of philosophical enquiry The concerns which occupy ancient thinkers with regard to self knowledge however diverge in critical ways from contemporary investigations on the topic In this volume based upon the eighth Keeling Colloquium in Ancient Philosophy leading scholars explore the treatment of self knowledge in ancient Greek thought particularly in Plato Aristotle Hellenistic thinkers and Plotinus A number of chapters identify specific modes of self knowledge in ancient thought such as knowledge of one s individual moral or political character in Plato or one s own discursive thought as compared to that arising from the self presence of intellect in Plotinus Others identify interesting points of convergence with contemporary thinking to make interventions in existing debates as well as to articulate new research questions such as whether Plato regarded self knowledge as synoptic and diachronic in the Republic or whether self knowledge is a condition on virtue for Aristotle By exploring the distinctions between the fundamental assumptions and conceptual frameworks in which ancient and modern philosophers examine self knowledge this volume makes a novel contribution to current scholarship in the field
