Wholly Scripture Preaching From Biblical Themes:

Wholly Scripture Ronald J. Allen, 2004 With examples and exegetical insights Ronald Allen explores the what why when and how of biblical preaching Adapting aspects of conventional exegesis Allen shows preachers how to lay out a plan for preparing to preach on a biblical theme He considers possibilities for preaching on themes in connection with the Revised Common Lectionary and in sermon series based on free selection Included are four sermon samples and an extensive appendix of resources for developing sermons on themes from the Bible

Sermon Treks Ronald J. Allen, 2013-11-19 The lectionary is a helpful homiletical tool But there are times when lectionary preaching does not meet a congregation's needs Sermon Treks offers preachers and students an invigorating selection of new sermon planning trails for use as sermon series or for single sermons The options presented here are practical and theologically responsible Some are rooted in ancient forms of proclamation others are new All provide clear but creative guidance for the preacher and a path that will lead to more effective sermons

Kairos Preaching David Schnasa Jacobsen, Robert Allen Kelly, Although lectionary and worship allow us to deepen our appreciation for the Bible and the themes and emphases of the Christian calendar they sometimes fail to allow preachers to speak the gospel directly to the situations that occupy their congregations This book is designed to help pastors and seminarians discover resources they already have to unpack situations and understand them theologically in light of their task of preaching the gospel

Teaching Tenets of Faith in Worship James Akerson, 2019-04-02 Western culture no longer has a broad Christian understanding In fact much of what American media dishes out is pantheistic or anti religious Sociological research indicates that a multitude of beliefs have crept into Christian understandings of faith This situation is not new As early as the fifteenth century Erasmus asserted that the greatest concern of his time was that Christians were most often rank heathens when it came to their orthodoxy It is also apparent that attendance at Sunday school Vacation Bible School and other gatherings has fallen at a great rate The author believes providing Christian education in the context of worship is therefore the best opportunity for reaching believers with historical elements of faith A twenty four part lectionary based catechetical curriculum is provided for worship With it congregations can dwell in a sermon series that is surrounded by supportive full bodied worship

You Never Step into the Same Pulpit Twice Ronald J. Allen, 2022-06-23 This volume develops an approach to preaching that brings together two important forces One is process theology and the other is a homiletic of conversation based on mutual critical correlation In this approach the preacher does not unilaterally announce the Word of God but is the leader of an exciting conversation involving the biblical text process theology the congregation and voices from the larger world The preacher seeks to help the congregation identify God's invitations towards inclusive well being and to imagine how to respond in ways that are consistent with those invitations that promote inclusive well being The book begins with a crisp and clear summary of the worldview of process theology highlighting its distinctive views on how God operates in the world through invitation and on the interrelationship of all

things The work then outlines an approach to biblical exegesis informed by process perspectives and sketches a method for bringing the biblical voice into dialogue with voices from tradition contemporary theology and the congregation and preacher The volume suggests shaping the sermon to honor process theology and conversation The volume concludes by noticing how perspectives from process and conversation help the preacher embody the sermon in engaging ways *Acts of the Apostles* Ronald J. Allen,2013-05-01 Acts of the Apostles helps the preacher identify possibilities for sermons based on texts and themes in the book of Acts While offering a basic exegetical framework for interpreting passages in Acts in their historical literary rhetorical and theological contexts this volume also suggests ways in which the preacher can relate passages and motifs from Acts to the congregation and world today It also is useful in classes that seek to link text and sermon and for congregational Bible study Throughout his commentary Ron Allen examines the relationship of Acts to the Gospel of Luke discussing parallel passages between the two volumes and observing how themes in the Gospel carry forward into Acts He notes how particular passages contribute to developing themes and to how the awareness of such a theme can contribute to the preacher s work with a particular passage Elenchus of Biblica ,2004 **Proceedings ... International Convention** Young men's Christian associations. International Committee,1895 **The Catholic Periodical and Literature Index** ,2006 The theory of preaching, lects. on homiletics Austin Phelps,1882 *The Preacher and Homiletic Monthly* ,1881 **Papers on Life and Advent Truth and Other Bible Themes** William Laing,1901 *Record of Christian Work* Alexander McConnell,William Revell Moody,Arthur Percy Fitt,1895 Includes music *The Congregationalist and Christian World* ,1905 **The Missionary Review of the World** ,1905 *Analytical concordance to the Bible.
