[The Complete Kakoulides New Testament 4th Edition](#) Harris Kakoulides , With more notes comes corrections and a other edition although in this one I continue to work on the translation adding more references while correcting any typos of the pass and rechecking on any my new notes I wrote in this one for any typos so no other editions should be made adding also some prefaces which was lacking **The Complete Kakoulides New Testament** Harris Kakoulides ,2025-09-22 Preface This is a complete translation with notes The translation is given by Harris Kakoulides who is host of the Mr Kakoulides and the Bible Podcast Other translations was used to compare when translating the greek Like WEB KJV Young William ASV Darby and many more WEB was use in the cases where the translator did not translate from the greek And many longer readings of the Textus Receptus was prefer although other Greek translations was used This translation and notes are free to copy and is in Public Domain so anyone can share it and quote it with no problems from the translator The Book of Revelation was reorganised with notes no words or sentences was taken away or added so the reader could see Parallel Numbered Judgments view of Revelation I was really hoping to finish this edition by this year then do some other editions with more notes if God allows I always wanted to translate the New Testament and add notes making it to a Study Bible and now I was able to do it praise be to God Added information The Kakoulides New Testament is a Bible translation by Harris Kakoulides a Bible teacher and podcast host with explanatory notes It is an independent project not a product of a large publishing company or denominational committee Key characteristics of the Kakoulides New Testament Translated by a single author The translation and notes were created by Harris Kakoulides It was a long term project that experienced setbacks including a fire the previous work was destroyed and the passing of his wife from cancer Public domain and free to use The work is released into the public domain meaning anyone is free to copy and share it Compares against other translations Kakoulides compared his translation from the Greek to other English versions such as the King James Version KJV American Standard

Version ASV and Darby among others Preference for longer readings The translation shows a preference for the longer readings found in the Textus Receptus which is the basis for many Reformation era translations like the KJV rather than the shorter readings typically favored by modern critical texts Unique formatting in Revelation Kakoulides reorganized the Book of Revelation to present a Parallel Numbered Judgments view with the aim of helping the reader understand the text He notes that no words or sentences were added or removed in the process Study notes included The text includes study notes and introductions to various books

The Complete Kakoulides New Testament 3rd Edition Harris Kakoulides , 3rd Edition Preface It appears that this project needed more work including a typo that needed correcting But while making this correction I also added more notes Added some maps and a illustration of the Temple for Acts worked a little more on the translation and lastly added a few extra ancient sources It is my hope this would be the last edition

The Complete Kakoulides New Testament 5th Edition Harris Kakoulides , Worked a little bit more on the translation and added a lot of more notes So even if I would be out of the web what I thought of certain passages and reasons why will be clear to the reader of this New Testament Study Bible As more notes are added will always be included Early Church Fathers writings Reformers and Jewish sources Due to certain reasons out of my control I will be out of the web for good So this will be most likely the last written work on the web I did Anyone is more than welcome to put this work in print only thing do not change the title of the work
