Why Have You Chosen Me:

The Chosen Athena Taylor Lester,2010-06 Will she obey Will she follow Can she trust Can she succeed Tachee the last of the mantii race faces these questions as she begins her journey She is constantly being taught and trained but for what She wonders and she prays Tachee awakes one morning to find her usual routine and lone companion are taken away suddenly In the elvish city Un Wava Tachee begins discovering her skills learns a history she never knew and develops much longed for friends She finds contentment when she is called to leave it all behind and by someone Tachee never thought she would encounter Unsure of herself but discontent to stay she chooses to obey and embarks on a journey that both reveals and develops her true character Danger excitement rest and friendship await her on a journey through a land full of secrets darkness and enemies However light is coming Athena Taylor Lester is a home school student who loves reading and particularly enjoys fantastical fiction She started writing at an early age and at 13 decided to try her hand at writing a full scale fantasy novel Her passion is to write stories that are not bogged down with superfluous spooks or false ideas frequently found in fantasy novels In contrast her desire is to write enjoyable adventures wherein her readers are left encouraged and with themes reinforcing truth In all of her novels this one and the ones still in her head she strives for messages reflecting truth and inspiration to press on toward the mark set before us Athena lives in North Central Arkansas and she wants everyone to know her favorite color is pink *High on Life* Sue A. McLaughlin,2016-06-03 This is a collection of inspirational poems from Author s personal experience This would help motivate people to be optimistic on their views in life whatever they are going through **The Acquisition of Scrambling and Cliticization** S.M. Powers,C.

Hamann,2013-04-17 This collection of papers investigates two specific linguistic phenomena from the point of view of first and second language acquisition While observations on the acquisition of scrambling or pronominal clitics can be found in the literature up until the recent past they were sparse and often buried in other issues This volume fills a long existing gap in providing a collection of articles which focus on language acquisition but at the same time address the overarching syntactic issues involved for example the X bar status of clitics base generation vs movement accounts of scrambling This volume contains an overview of L1 and in one case L2 acquisition data from a number of different languages including Bernese Swiss German Dutch English French German Italian Spanish and Swedish as well as from several theoretical points of view with these two clause internal processes at its center These language acquisition data are considered to be crucial in the validation of analyses of these specific linguistic phenomena in adult grammars The contributions in this volume include the earliest thoughts in this vein and for this reason should be viewed as a starting point for discussions within theoretical linguistics and language acquisition alike *Catalog of Copyright Entries* Library of Congress. Champagne,2012-04-11 This is a book of collected poetry art work and a short story that started about twelve years ago The poetry started with a simple muse A thought that required no thought what so ever The inspiration and the desire started with a girl sitting in the same classroom later writing became a pleasant way to pass the time The art work started with a severe case of writers block which lead to drawing lines on paper It isnt really supposed to look like anything just whatever is seen in the eye of the beholder The short story came about from the passing of someone that was dear to the heart A grandma who prayed every day for a grandson she barely even knew *The Pink Ribbon* is a short story about a little girl with a pink ribbon tied in her hair fear and death There are two wishes that are made with this book Helping those with cancer is the first Weather it is the treatment care or cure A percentage of the authors proceeds will go to helping those that suffer from cancer The second wish is helping the author find *The Muse* the girl who is now a woman which first inspired and encouraged him to write over a decade ago **Cassell's Magazine** ,1888
