

A romantic close-up photograph of a man and a woman. The man is on the left, lying down with his eyes closed and a slight smile. The woman is on the right, leaning in towards him, her eyes closed and smiling. Her hand is near his face, and they appear to be about to kiss. The lighting is soft and warm, creating an intimate atmosphere.

Wild Desires:

Plato on Pleasure and the Good Life Daniel Russell, 2005-09-15 Daniel Russell examines Plato's subtle and insightful analysis of pleasure and explores its intimate connections with his discussions of value and human psychology. Russell offers a fresh perspective on how good things bear on happiness in Plato's ethics and shows that for Plato, pleasure cannot determine happiness because pleasure lacks a direction of its own. Plato presents wisdom as a skill of living that determines happiness by directing one's life as a whole, bringing about goodness in all areas of one's life as a skill brings about order in its materials. The materials of the skill of living are, in the first instance, not things like money or health but one's attitudes, emotions, and desires where things like money and health are concerned. Plato recognizes that these materials of the psyche are inchoate ethically speaking and in need of direction from wisdom. Among them is pleasure, which Plato treats not as a sensation but as an attitude with which one ascribes value to its object. However, Plato also views pleasure, once shaped and directed by wisdom, as a crucial part of a virtuous character as a whole. Consequently, Plato rejects all forms of hedonism which allows happiness to be determined by a part of the psyche that does not direct one's life but is among the materials to be directed. At the same time, Plato is also able to hold both that virtue is sufficient for happiness and that pleasure is necessary for happiness, not as an addition to one's virtue but as a constituent of one's whole virtuous character itself. Plato therefore offers an illuminating role for pleasure in ethics and psychology, one to which we may be unaccustomed. Pleasure emerges not as a sensation or even a mode of activity but as an attitude, one of the ways in which we construe our world and as such a central part of every character.
