Street Survival II Lt. James Glennon, Lt. Daniel Marcou, Chuck Remsberg, 2018-09-18 The book that could save a police officer's life career and the life of the citizen's officers encounter on the job The Bible of Law Enforcement Training is what the 1980 first edition of Street Survival was considered throughout the profession Street Survival II Tactics for Deadly Force Encounters written by Lt Jim Glennon Lt Dan Marcou with the original author Chuck Remsberg has a new sleek modern look While paying homage to the original the update includes more

than 200 colored photos and diagrams and delves into the profession's many changes over the past three decades. It includes tactics, effective street communication, detecting pre-attack indicators, public expectations, the issue of Guardian and Warrior roles, and especially preparing for the realities of force events. **Street Survival** Charles Remsburg, 1987-01-01. This book deals with positive tactics officers can employ on the street to effectively use their own firearms to defeat those of assailants. It is devoted exclusively to understanding and mastering techniques that work for survival in real-life situations. Unfortunately, most of the current literature on so-called combat shooting explores what works against paper targets. Few street-wise experts or truly contemporary articles have emerged on street survival, although deadly assaults on the police continue to occur year after year. This book can help make you survival-sensitive. The techniques it emphasizes are designed to affect the way you prepare, plan, and react to keep you alive in real situations. They are not hypotheses but proven procedures based on the insights of officers who have experienced gun battles and survived and on the lessons left behind by those who have died.

Chinese Street Food Howie Southworth, Greg Matza, 2018-08-07. Chinese Street Food is brimming with history, food lore, and recipes that take you on a culinary journey outside of the restaurant and into the streets of regional China. Authentic flavors and techniques explode onto the page in a way that first makes you salivate, then motivates you to roll up your sleeves and get cooking. Chef Lee Anne Wong. One element of Chinese cookery that remains rare throughout the Western world is the most popular style of cuisine across China: street food. Every day, nearly one-fifth of humanity sustains itself on conveniently placed bites and cheap alfresco meals. In China, one's home is often small; kitchens are cramped, and time is short. So a walkable nosh on the way to the office, a quick, cheap lunch, or an evening spent hopping from snack stand to snack stand with friends is an everyday occurrence. Howie Southworth and Greg Matza, best friends and bestselling food authors, have been eating their way through China for over two decades. Soon after their yearly culinary journeys began, they were struck with a delicious addiction: street food. Within this entertainingly narrated cookbook, our dynamic eating duo not only fondly recalls highlights of their fascination with China's incredible food culture but they artfully weave in folklore, origin stories, and witty chats with the cooks, vendors, and fellow gastronomes they've met along the way. Photographed entirely in China, this book beautifully presents small plates from the balmy rice paddies of Yunnan and spicy streets of Sichuan to the frozen tundra of Harbin and the imperial majesty of Beijing. This tale of two foodies is destined to change the way readers view going out for Chinese.
