Legal Ethics and the Attorney General Andrew Flavelle Martin,2025-02-28 In Canada the Attorney General holds a complex and unique role within the federal provincial and territorial governments Despite this key position there is relatively little knowledge and understanding of the role and professional responsibilities of the Attorney General among the public the media policymakers and politicians including at least some Attorney Generals themselves Legal Ethics and the Attorney General adopts a doctrinal approach to examine and explain how legal ethics and particularly the law of lawyering applies to the Attorney General The book illustrates that while the role of the Attorney General is unique the individual occupying this position practises law and should be held to the same standards as any other lawyer It addresses common misconceptions that the Attorney General is not truly a lawyer that actions deemed wrongful for other lawyers may not be considered wrongful for the Attorney General or that the accountability measures appropriate for lawyers do not apply to the Attorney General Ultimately Legal Ethics and the Attorney General reveals the importance of the accountability of the Attorney General especially to the provincial and territorial law societies that serve as regulators of the legal profession This accountability is essential not only for upholding the rule of law but also for enabling these societies to fulfil their statutory mandates to regulate the legal profession in the public interest

The Mighty Hughes Craig McInnes,2017-10-13 An in depth look at the life and career of retired judge and conflict of interest commissioner Ted Hughes whose unflinching integrity earned him the reputation as Canada s moral compass Throughout his sixty year career Ted Hughes has been a model of ethical conduct in the Canadian judicial system The son of immigrant homesteaders who grew up in Saskatoon during the Depression he might have retired as a respected senior judge in the town where he was born had his career not been sideswiped by the intense party politics underpinning Canadian judicial appointments in the 1970s The injustice he felt led him to BC where he reinvented himself as a civil servant in a province that was earning a reputation for wacky unprincipled politics There he became Canada s moral compass a man of such integrity that his condemnation alone persuaded one premier to resign and another to bring in a watchdog to look after vulnerable children Hughes has ferociously defended the principles that underpin the best of our society He has an unfashionable belief in the virtue of the law the

nobility and responsibility of public service and the honour of politicians and politics He was an early defender of equal rights for women in the legal system the protection of children in care and in recognizing the disastrous effect of colonization on First Nations This is the story of his remarkable life and how he became the lion Canadians needed him to be in when the credibility of our political system was on the line *Van Lierop v. Chesapeake and Ohio Railway Company*, 335 MICH 702 (1953) ,1953 48 Particle Induced Electron Emission II ,2006-04-11 Electron emission is a fundamental phenomenon which accompanies most interactions of energetic particles with solid surfaces Not only is it a special effect which for almost ninety years has attracted the interest of physicists but it is also of acute importance in such fields as radiation effects and transport phenomena in solids e g radiation biology plasma surface interactions microtechnology surface analysis ion microscopies particle detector development and others While Volume I emphasizes the theoretical description of the mechanisms of electron emission this volume reviews modern experimental trends and aspects of the phenomenon e g kinetic electron emission from massive solids and from thin foils under bombardment with positive negative and neutral particles and the measurement of electron statistics in connection with potential and kinetic emission due to slow singly and multiply charged projectiles **Semi-Nomadic Anecdotes** Howard Balloch,2013-12 This is a personal story of a life lived in many places from a childhood in Newfoundland to the bustling and increasingly modern metropolis of Beijing China It includes stops in London and Paris and Jakarta and Prague and many years in Ottawa where I was lucky to serve in a number of senior positions including Deputy Secretary to the Cabinet during the intense period leading up to the Quebec referendum on sovereignty in 1995 It is not a diary nor a complete history of the events through which I have lived It is simply a collection of anecdotes and events as I remember them *Zalm and I* Bill Kay,Myron Shutty,1993 Debates of the Senate: Official Report (Hansard). her friends her enemies and sometimes both A remarkable portrait of contemporary Canadian politics the way it really is
