## **The Generals:**

*The Generals* Thomas E. Ricks, 2012-10-30 A New York Times bestseller An epic history of the decline of American military leadership from the bestselling author of *Fiasco* and *Churchill and Orwell* While history has been kind to the American generals of World War II Marshall Eisenhower Patton and Bradley it has been less kind to the generals of the wars that followed such as Koster Franks Sanchez and Petraeus In *The Generals* Thomas E Ricks sets out to explain why that is In chronicling the widening gulf between performance and accountability among the top brass of the U S military Ricks tells the stories of great leaders and suspect ones generals who rose to the occasion and generals who failed themselves and their soldiers In Ricks s hands this story resounds with larger meaning about the transmission of values about strategic thinking and about the difference between an organization that learns and one that fails *The Generals* Winston Groom, 2015 Groom tells the intertwined and uniquely American tales of George Patton Douglas MacArthur and George Marshall These three remarkable men of arms who rose from the gruesome hell of the First World War to become the finest generals of their generation during World War II redefined America s ideas of military leadership and brought forth a new generation of American soldier Against the backdrop of the most dramatic moments of the twentieth century you ll discover new insights into the lives of America s most celebrated warriors **The Generals** Per Wahloo, 2013-06-18 From Per Wahl co author with his wife Maj Sj wall of the internationally bestselling Martin Beck series of mysteries comes a political satire told as a court transcript about the court martial of a general gone rogue Time the not too distant future Place a small island in the temperate zone Scene air force headquarters Corporal Edwin Velder is on trial for his life accused of acts against the military government and society As the proceedings unfold we learn of a country s descent into political tyranny a civil war erupted in the face of a secret armed force bringing the current generals to power The military tribunal forces Velder to reconstruct the events battles and final defeat of the island rebellion As the inevitable verdict is pronounced Velder s testimony just might bring to bear yet another political revolution Sukarno and the Indonesian Coup Helen-Louise Hunter, 2007-05-30 On September 30 1965 six of Indonesia s highest ranking generals were killed in an effort by President Sukarno to crush an alleged coup The events of that were part of a rapidly growing power struggle pro and anti communist factions The elimination of the generals however did little to increase and preserve Sukarno s power though and he was stripped of the presidency in 1967 Hunt s work is a unique and original examination of the events that culminated on that night in September 1965 It is the first detailed account of the Indonesian Coup that reveals the previously unknown workings of the PKI s ultra secret Special Bureau a clandestine organization within the Communist Party that may be the prototype of other similar entities that flourished around the world in the mid 50 s and 60s No such expose of secret communist organizations committed to covert killings of the top military or political leaders of the country has ever been published She establishes beyond any doubt that the PKI under Chairman Aidit s direction using the capabilities of a secret organization within the PKI

that only Aidit and a handful of trusted high level members of the Communist Party even knew about and most importantly acting with President Sukarno's full knowledge and approval planned and then dramatically failed to execute a bold plan to kill the top leadership of the Army and proclaim a new socialist state under President Sukarno's leadership with PKI Chairman Aidit as his proclaimed successor At the time of the coup government analysts as well as non government scholars were of two minds Some like the group at Cornell University were convinced that the PKI Indonesian Communist Party had not been involved that the coup was the action mid level army officers against the top leadership That was the official line at the time Others were convinced that the PKI alone had planned and executed the coup in its long held desire to remove the pro U S army leadership No one at the time saw the hand of Indonesia's world famous President Sukarno in the affair
