# The Gifted Program

**Rebecca D. Eckert, Jennifer H. Robins**

## **The Gifted Program:**

**Designing and Developing Programs for Gifted Students** Joan F. Smutny, 2003 In this handbook you will find the inspiration and the practical guidance you need to start your own gifted program Gifted programs have the potential to change lives but they can be difficult to develop and sustain without the appropriate research and guidance This book gives you the nuts and bolts needed to design and implement a gifted program to maximize the benefits to students teachers schools and parents In this comprehensive volume best selling author Joan Franklin Smutny brings some of the leading gifted educators together under the aegis of the National Association of Gifted Children Lending editorial guidance and her own contributions Smutny directs the individual expertise of each contributor with chapters that include guidelines for Designing and implementing curriculum for pre K through middle school Identifying and selecting the best teachers Creating the vital support networks among parents school and community Assessing the program s impact on children parents and teachers Developing special programming for the disadvantaged gifted students The book offers several examples of different learning experiences that fall under the definition of a gifted program as well as a chapter that outlines all of the essentials for starting a gifted program including sample forms and letters

**Education of the Gifted and Talented** Gary A. Davis, Sylvia B. Rimm, 1994 **Program Evaluation in Gifted Education** Carolyn M. Callahan, Sally M. Reis, Series Editor, 2004-03-11 These readings offer critical guidance in the development of assessment instruments for gifted programs

*Designing Services and Programs for High-Ability Learners* Rebecca D. Eckert, Jennifer H. Robins, 2016-08-29 The updated comprehensive guide to developing or enhancing gifted programming How do we ensure we are meeting the needs of gifted students The educational landscape has changed dramatically since *Designing Services and Programs for High Ability Learners* was first published in 2006 This updated and revised second edition of the landmark guidebook provides educators and administrators with the comprehensive practical advice they need to support gifted learners and includes new perspectives based on recent research and the updated National Association for Gifted Children Programming Standards Written by leading experts each chapter focuses on a key feature of high quality gifted programs from identification to evaluation and advocacy and takes into account current trends in education such as the Focus on diversity and the efforts needed to ensure underrepresented populations are screened for gifted education Collaboration with special education families and community members to ensure all students have access to programming and services Use of technology especially in rural communities Development of local policies to support gifted education Whether you are developing a new program or restructuring an existing service this guidebook will help you meet the needs of today s gifted students

**Serving the Gifted** Steven I. Pfeiffer, 2012-09-10 Designed for practitioners who work with the gifted this volume is intended to serve as a practical and easy to use resource for working with gifted students their teachers and their parents and families It provides timely practical evidence based techniques and guidelines to help these practitioners better help an

underserved group The book is written in a user friendly style that makes this a quick simple and easy reference Topics covered include identification and assessment of gifted students important information for understanding the needs of the gifted counseling and psychotherapy strategies career counseling for gifted and talented students methods for working with the families of the gifted and legally correct and ethically smart counseling techniques An accompanying CD will contain valuable resources such as PowerPoint presentations and reproducible handouts and forms

**Creating Equitable Services for the Gifted: Protocols for Identification, Implementation, and Evaluation** Nyberg, Julia L.,Manzone, Jessica A.,2021-11-12 Given the importance of the development of intellectualism and the need to ensure equity and access to learning experiences educators at all levels must be aware of research based protocols to identify serve and evaluate programs for diverse gifted learners It is essential to understand how gifted education can increase equity in identification practices for historically underrepresented groups what the specific curricular opportunities are that must be provided to learners to develop gifted programs and what the key considerations are to the design and implementation of authentic and equitable programs for gifted learners Creating Equitable Services for the Gifted Protocols for Identification Implementation and Evaluation curates cutting edge protocols in the field of gifted education related to the areas of equitable identification implementation of services and programmatic assessment These protocols seek to initiate discussion and critical discourse regarding diverse gifted learners among higher education faculty state department personnel district administrators and classroom teachers Covering topics such as digital differentiation equitable assessment and STEM education this text is ideal for teacher education programs preparation programs university degree programs university credential programs certificate programs faculty graduate students state departments of education superintendents coordinators administrators teachers professors academicians and researchers

*Teaching Strategies in Gifted Education* Susan K. Johnsen,James Kendrick,2005 Teaching Strategies in Gifted Education offers practical advice about teaching gifted kids This book offers specific teaching strategies such as divergent thinking instruction and independent study The book also covers differentiated curriculum classroom management dealing with underachievement and professional development and total sch

*The Gifted Program Handbook* Juanita S. Sorenson,1988 *Achieving Excellence* Frances A. Karnes,Kristen R. Stephens,2008 Achieving Excellence Educating The Gifted and Talented provides foundational information relating to the field of gifted education i e history laws etc details characteristics of gifted students from various populations describes how such students are identifiedand assessed and presents up to date research based pedagogy relating to curriculum design and instruction It draws upon experts in the field to present content in a practical way so that it is applicable to pre service and classroom teachers Chapter summaries and questions for thought and reflection are included at the end of each chapter to help guide classroom discussion In addition each chapter provides a listing of useful resources that enables the reader to extend their learning on a particular topic or issue

**Identification of Students for Gifted and Talented Programs** Joseph S.

Renzulli, Sally M. Reis, Series Editor, 2004-03-06 Focuses on one of the most widely debated topics in the field addressing the challenges educators face in attempting to accurately identify gifted and talented students *Methods and Materials for Teaching the Gifted* Frances A. Karnes, Suzanne M. Bean, 2021-09-23 The newly revised and updated fourth edition of *Methods and Materials for Teaching the Gifted* is an excellent introduction to gifted education and real world learning The chapters of this comprehensive textbook are written by respected leaders in the field of gifted education The authors review the unique needs of gifted learners and give current information on instructional planning and evaluation strategies for best practices and ongoing enhancement and support of gifted programs Chapters include topics such as differentiated curricular design extending learning through research writing challenging instructional units and developing leadership skills and innovative thinkers Instructional practices such as problem based learning technology literacy independent study simulation and gaming and more are addressed A special focus is given to using the Gifted Education Programming Standards and Common Core State Standards The fourth edition provides updated information on funding sources and public relations strategies for gifted education programs It also includes updated lists of books teaching materials websites and other resources for teachers of the gifted **Systems and Models for Developing Programs for the Gifted and Talented** Joseph S. Renzulli, E. Jean Gubbins, Kristin S. McMillen, Rebecca D. Eckert, Catherine A. Little, 2023-05-31 Now completely revised and expanded *Systems and Models for Developing Programs for the Gifted and Talented* includes chapters on the major systems and models for developing programs for the gifted including the Autonomous Learner Model the Integrative Education Model the Multiple Menu Model the Purdue Three Stage Model the Schoolwide Enrichment Model and Levels of Service Forty two experts in gifted education contributed to 25 chapters and each chapter includes a discussion of the model theoretical underpinnings research on effectiveness and considerations for implementations Discussion questions follow each chapter Chapters provide compact yet comprehensive summaries of the major models developed by leaders in the field of gifted education Excellence and Equality David M. Fetterman, 1988-07-08 Fetterman focuses on what actually works in gifted and talented education programs Complementing the psychological perspective on gifted and talented education he adopts an anthropological point of view using methods such as lengthy interviews with students teachers parents administrators and others involved in the school programs daily observation and group discussions to elicit the insider s perspective A ground breaking work Fetterman s timely study provides a comparative picture of over 433 gifted and talented programs in the United States as well as programs in other countries The author s cross cultural perspective points up the need for U S educators to shake themselves out of a national complacency about the gifted and talented and stresses the importance of comparing our own efforts with those of other nations In the process Fetterman proposes a model for educational excellence in terms of the mainstream U S educational system The book will provide new insights for educators and policymakers working in our educational system as they strive to meet the needs of gifted and talented students

Education of the Gifted Joan F. Smutny, Rita Haynes Blocksom, 1990 This book provides an overall perspective to program development for gifted children and youth The approaches used draw on many theories points of view and program structures Chapter titles are as follows Identification of the Gifted Strategies for Teaching the Gifted Organizing the Gifted Program Building Support for the Gifted Program Preschool Gifted Children Gifted Girls A Population at Risk Serving Special Populations of the Gifted Serving Gifted Minority and Disadvantaged Students Gifted Programs for Secondary School Students and Evaluating Gifted Programs In addition to references which accompany each chapter a gifted education bibliography lists approximately 120 items Appendixes list national organizations serving the gifted professional journals on the gifted and state education departments gifted education programs JDD

**Fundamentals of Gifted Education** Carolyn M. Callahan, Holly L. Hertberg-Davis, 2013 The field of gifted education is characterized by a confusing array of perspectives concerning such fundamental issues as definition philosophy curriculum social and emotional development and underserved populations The mission of this book is to provide a coherent framework that instructors and service providers can use in planning effective programs providing appropriate counseling services and evaluating programs for the gifted Most sections are organized around fundamental issues confronting the field and follow a common structure an introductory chapter that provides historical and theoretical background and organizing questions followed by several point of view chapters written by experts that provide varied perspectives on the topic at hand Distinguishing Features Comprehensive Coverage The book s forty five manageable length chapters cover the full range of topics that must be considered in planning programs and services for gifted students both within and outside of school Coherent Structure Section introductions provide background information and organizing questions to guide chapter authors who provide varying views of the issue at hand The emphasis is not on the right way or the wrong way except when clearly documented bad practice is discussed but on how best practice stems from well informed and logical decision making Decision Making Focus The book s introductory chapter addresses the need for a clearly developed and consistently applied set of values to guide decision making Likewise each section introduction includes a decision making framework regarding some aspect of educating counseling or parenting gifted students This book is appropriate for introductory level courses in gifted education or courses in program development and planning It is also suitable for school personnel responsible for making program planning decisions in the area of gifted education and for academic libraries with holdings in this area

Using the National Gifted Education Standards for University Teacher Preparation Programs Susan K. Johnsen, Joyce L. VanTassel-Baska, Ann Robinson, 2008-03-27 A breakthrough resource on gifted education course design For universities seeking accreditation of their gifted education teacher preparation programs the program must be aligned with NCATE approved standards This guidebook helps university personnel design or revise gifted education programs to incorporate the ten new standards developed by NAGC CEC and TAG In addition to the CD ROM with an annotated bibliography of the research and literature on which the standards are

based professors and program coordinators will find Techniques for aligning coursework clinical practice and field experience with standards Sample syllabi Information on teacher assessment Details of the challenges associated with the new standards

**Parenting and Teaching the Gifted** Rosemary S. Callard-Szulgit,2010-10-16 Parents of gifted students have often experienced the frustration of trying to get an appropriate education for their children in public and private schools Teachers have equally experienced the frustration of trying to educate these students due to classroom demands Over the past two decades Callard Szulgit has accumulated well over 1 000 questions asked by parents in her gifted parenting classes her graduate students of gifted education education colleagues and gifted students themselves This user friendly book offers common sense and educationally informative answers to the questions and dilemmas that parents and teachers seek This book will be of interest to all who seek a fair and equitable education for the gifted

Teaching Gifted Children Jeff Danielian,C.
