[Making the Gods in New York](#) Mary Cuthrell Curry, 2020-07-12 Over the last 35 years practice of Santeria and the Yoruba religion in the United States has grown as the result of African American search for identity and large scale Cuban migration While the ritual and belief systems of Santeria and the Yoruba Religion are essentially the same the practical religion of both differs Both center around questions of group identity and the concerns of their practitioners This book focuses on the changes in the Yoruba Practical Religion of the Converted in the African American community Through insightful attention to rich ethnographic detail the author explores the beliefs practices and rituals of this religious community

The Metamorphoses of Kinship Maurice Godelier, 2012-03-03 With marriage in decline divorce on the rise the demise of the nuclear family and the increase in marriages and adoptions among same sex partners it is clear that the structures of kinship in the modern West are in a state of flux In *The Metamorphoses of Kinship* the world renowned anthropologist Maurice Godelier contextualizes these developments surveying the accumulated experience of humanity with regard to such phenomena as the organization of lines of descent sexuality and sexual prohibitions In parallel Godelier studies the evolution of Western conjugal and familial traditions from their roots in the nineteenth century to the present The conclusion he draws is that it is never the case that a man and a woman are sufficient on their own to raise a child and nowhere are relations of kinship or the family the keystone of society Godelier argues that the changes of the last thirty years do not herald the disappearance or death agony of kinship but rather its remarkable metamorphosis one that ironically is bringing us closer to the traditional societies studied by ethnologists
