governments in a new form of Fascism that now incorporates high technology and artificial intelligence The survival of the human race may depend on breaking the Embargo of truth and collectively developing an berMind But truth always resonates Beyond Esoteric takes off the kids gloves and exposes the control grid extending its tentacles across the planet The word occult means nothing more than to study the realm of the hidden So much of real knowledge and wisdom is disguised because the people who run the planet feel that true information of how the world works and how to manifest reality is something you do not need to know Everything we think we know about the world and the universe in which we live whatever we have been led to believe concerning the course of human history could very well be completely wrong distorted and misinformed The 19th century teachers of the occult could never have imagined escaping prison planet of the 21st century we now face one that extends far Beyond Esoteric Secrets of Antarctica Brad Olsen,2025-11-05 Secrets of Antarctica will reveal Brad Olsen s exploration and firsthand experience with this strange continent The book will question the possibility of a lost continent and visit the land of the Patagonia giants Next are the Age of Exploration maps depicting the Ice Continent centuries before Antarctica was officially discovered New Swabia Neuschwabenland was a territorial claim made by Nazi Germany in the late 1930s Admiral Richard Byrd led Operation Highjump to confront the Nazi base there and to recover a Nazi flying disc Admiral Byrd spoke of flying objects that could fly from pole to pole at incredible speeds

Radical Reads Joni Richards Bodart,2002 Radical young adult fiction can be edgy and raw which is why young adults who read it find it to be very relevant to their lives Teens struggling with issues in today s society can often recognize themselves and identify their problems in the fictional lives they read about There are no easy answers or pat endings in these books They often are accused of being dark gritty and bleak because they deal with subjects like incest teenage pregnancy dysfunctional families gangs prejudice violence drugs or other complex problems Central characters can be quite mature and multidimensional and plot lines are complex These books break boundaries in various ways from the challenge they present to the reader to the voice they give to their young protagonists Radical YA fiction is frequently more complex and better written than many adult bestsellers Bodart long known as the reigning queen of booktalking has identified 101 engaging tough and well written books and presents them in a way that will help the librarian defend their presence in the library or classroom the parent who wants to know what their child is reading and the teen who is looking for a Rad Read Naturally there is a booktalk to pique interest and give away just enough of the story Entries also include character lists and sections on subject areas and major themes Bodart also provides a number of booktalk and book report ideas Her section on risks will alert adults to mature themes while her section on strengths will help defend these books against their critics The author has also included awards won and a section of book reviews which will be useful for both adult and student All the books listed are accessible to readers of middle school ability and up This is truly a multipurpose book from an expert who knows her stuff and essential for any library serving a teen audience and handy for parents as well *Phillips Brooks Year Book*
