

TED ROBERT GURR

**WHY
MEN
REBEL**

Fortieth Anniversary Edition

Why Men Rebel

Yijin Wang

Why Men Rebel:

Why Men Rebel Ted Robert Gurr, 2015-11-17 *Why Men Rebel* was first published in 1970 after a decade of political violence across the world. Forty years later, serious conflicts continue in Africa, Asia, and the Middle East. Ted Robert Gurr reintroduces us to his landmark work, putting it in context with the research it influenced as well as world events. *Why Men Rebel* remains highly relevant to today's violent and unstable world with its holistic, people-based understanding of the causes of political protest and rebellion. With its close eye on the politics of group identity, this book provides new insight into contemporary security challenges. [Why Men Rebel](#) Ted Robert Gurr, 2010 Anniversary edition of a classic work that helped lead the way to an understanding of the causes of political protest. Features a new introduction. [Unequal America](#) Anthony DiMaggio, 2020-12-09 This book examines Americans and their beliefs about the class divide in the United States. It argues that Americans' beliefs about class and the economic divide develop through a multistep process. Economic affluence influences the development of worldview, measured in terms of ideology, partisanship, and self-identified class consciousness. Class consciousness in turn affects how people look at political and economic issues. This book is intended for scholars and students at every level who study inequality from a political, economic, or sociological position, along with general readers with a growing interest in and awareness of the effects of inequality on our democracy, especially in the wake of the COVID-19 pandemic, the resulting economic contraction, and the protests over racial injustice erupting throughout the world in 2020.

The Path to Mass Rebellion Ruth Margolies Beitler, 2004-01-01 *The Path to Mass Rebellion: An Analysis of Two Intifadas* should be read by policy makers, international relations and conflict resolution scholars, Middle East Studies scholars, political scientists, and anyone else interested in better understanding the current violence surrounding the creation of a Palestinian state and security issues this creates for Israel. *Political Rebellion* Ted Robert Gurr, 2015-01-09 This volume comprises key essays by Ted Robert Gurr on the causes and consequences of organized political protest and rebellion, its outcomes, and strategies for conflict management. From the Castro-inspired revolutionary movements of Latin America in the 1960s to Yugoslavia's dissolution in ethnoreligious wars of the 1990s and the popular revolts of the Arab Spring, millions of people have risked their lives by participating in protests and rebellions. Based on half a century of theorizing and social science research, this book brings together Gurr's extensive knowledge and addresses the key questions surrounding this subject: What grievances, hopes, and hatreds motivated the protesters and rebels? What did they gain that might have offset myriad deaths and devastation? How effective are protest movements as alternatives to rebellions and terrorism? What public and international responses lead away from violence and toward reforms? The essays in the volume are updated and are organized around the evolving themes of the author's research, including theoretical arguments, interpretations, and references to the evidence developed in his empirical research and case studies. The concluding essays bring theory and evidence to bear on the past and future of political violence in Africa. This book will be of much interest to students of rebellion.

political violence conflict studies security studies and IR **Why Women Rebel** Alexis Henshaw,2016-12-08 Why Women Rebel presents a global analysis of the extent to which women are engaged in armed organized rebellions and why they choose to join such rebellions Henshaw has collected and analyzed data on women s participation in over 70 post Cold War rebel groups The book provides a theoretical analysis drawing upon both mainstream literature in the social sciences and critical feminist inquiry on women and political violence to offer a new gendered theory on why women rebel The book reveals that women are active in over half of all rebel groups sampled and that while the majority of rebel groups have women serving in support roles away from direct combat approximately a third of these groups employ women in the conduct of armed attacks and just over a quarter have women in a leadership capacity Henshaw reaffirms the idea that women are more likely to be engaged in left wing political organizations but does suggest that more conservative or traditional movements may also successfully incorporate women by appealing to concerns about community rights Addressing several gaps in the current literature on this topic this book will be of interest to academics in the fields of political science international relations security studies and gender and women s studies **Political Rebellion** Ted Robert Gurr,2015-01-09 This volume comprises key essays by Ted Robert Gurr on the causes and consequences of organized political protest and rebellion its outcomes and strategies for conflict management From the Castro inspired revolutionary movements of Latin America in the 1960s to Yugoslavia s dissolution in ethnonational wars of the 1990s and the popular revolts of the Arab Spring millions of people have risked their lives by participating in protests and rebellions Based on half a century of theorizing and social science research this book brings together Gurr s extensive knowledge and addresses the key questions surrounding this subject What grievances hopes and hatreds motivated the protesters and rebels What did they gain that might have offset myriad deaths and devastation How effective are protest movements as alternatives to rebellions and terrorism What public and international responses lead away from violence and toward reforms The essays in the volume are updated and are organized around the evolving themes of the author s research including theoretical arguments interpretations and references to the evidence developed in his empirical research and case studies The concluding essays bring theory and evidence to bear on the past and future of political violence in Africa This book will be of much interest to student of rebellion political violence conflict studies security studies and IR [A Rebel's Recollections](#) George Cary Eggleston,1905 **Will the Non-Russians Rebel?** Alexander J.
