The Reaper's Harvesting Summer Angelos Mansolas,2021-03-13 I know every single one of these grenadiers The oldest is barely eighteen These boys have not yet learned how to live but by God they know how to die These were the words of the division s commanding officer SS Oberführer Kurt Meyer for his own men men admired even by their very opponents Established in 1943 the 12th SS Panzer Division was designed to become an elite unit consisting of 17 year old youths a generation of future soldiers tough as leather and hard as Krupp steel commanded by a nucleus of hardened SS officers and NCOs This is a detailed history of the division from its formation all through the Normandy campaign where it received its baptism of fire Although employed in the field for the first time those young Waffen SS soldiers fought with a tenacity and ferocity unexcelled by any other unit Allied or German deployed in the invasion front defending doggedly every single yard of ground from Caen to Falaise a distance of just 25 miles for which the Canadian and British forces fought hard to capture paying a high price in human lives

German Resistance to Hitler Peter Hoffmann, 1988 Fascination with the evil of the Nazi regime has not diminished in the decades since Hitler assumed power in Germany but the story of internal resistance to Nazism has not been as fully realized as have the innumerable tales of horror In this compact book Peter Hoffmann examines the growing recognition by some Germans in the 1930s of the malign nature of the Nazi regime the ways in which these people became involved in the resistance and the views of those who staked their lives in the struggle against tyranny and murder The earliest postwar accounts of the resistance by survivors and witnesses were followed by a variety of investigations and evaluations Peter Hoffmann here presents a complete reconstruction of this baffling and intriguing story After several decades of study of the German resistance to Nazism he has unlocked the secrets of its inner history Hoffmann recounts the methods of Hitler's rise to power in the tumultuous days of January and February 1933 the consolidation of his power as a result of the Rohm Massacre in 1934 and his growing criminality as evidenced by the rape of Czechoslovakia and the pogrom of 1938 The author describes the several attempts in 1938 and during the war years to dislodge Hitler from within the desperation of the luckless opponents over the carnage of war and the mass murders that threatened to engulf them and finally the attempt to assassinate Hitler on July 20 1944 Throughout he probes the motives of the resisters Some for example found it difficult to justify assassination even for the purpose of bringing an end to mass killing Hoffmann examines and discounts the accusation that the principal motive of those who resisted was to preserve their class privileges The resisters he concludes acted not so much in the hope of personal gain as from a moral obligation to challenge the evils they saw before them **Hölderlin and the Left** Helen Fehervary, 1977
