Polette,2013-04-08 Get young readers hooked on some of the best titles in juvenile literature ranging from humor to mystery to fantasy with unusual and effective methods like games Getting students to want to read is one of the greatest challenges facing middle school teachers and librarians Determining which are the right books

that can spark a child's mental awakening is also difficult. This book from prolific author Nancy Polette furnishes interesting and fun games to pique students' interest in junior novels that are worth reading carefully selected titles that will contribute to their educational and emotional growth. Gateway to Reading 250 Author Games and Booktalks to Motivate Middle Readers is a powerful tool for luring middle school students away from the distractions of 21st century media and introducing them to junior or tween novels that they won't be able to put down. By presenting children with a challenge to engage their minds racing to decode book titles or using their creativity to come up with titles of their own for example students are naturally drawn towards reading these books from well known children's authors.

*300 Junior Novel Anticipation Guides* Nancy J. Polette, 2006-05-30 The author has created reproducible anticipation guides to 300 popular junior novels ranging from classics like Ben and Me and Cricket in Times Square to the award winner Kira Kira. The book consists of 300 reproducible sets of open ended values questions to pique the interest of readers. Librarians and teachers will use these anticipation guides to spark interest in reading or as comprehension starters tapping into prior knowledge and starting the process of understanding. The guides are also valuable for closure and comparative discussions with literature circles. In contrast to the low level knowledge recall questions used by some electronic reading programs these questions are higher order thinking questions that will encourage critical and divergent thinking.
