Your Reason Blakes System:

"Strange Prophecies Anew" Tony Trigilio, 2000 This book revives questions of religious and political authority in poetic prophecy It argues that modern prophecy operates within a dynamic of continuity and estrangement that combines immanent and transcendent modes of representation creating a poetry that revises the very tradition that authorizes it **William Blake and the Myth of America** Linda Freedman, 2018-07-11 This volume tells the story of William Blake s literary reception in America and suggests that ideas about Blake s poetry and personality helped shape mythopoeic visions of America from the Abolitionists to the counterculture It links high and low culture and covers poetry music theology and the novel American writers have turned to Blake to rediscover the symbolic meaning of their country in times of cataclysmic change terror and hope Blake entered American society when slavery was rife and civil war threatened the fragile experiment of democracy He found his moment in the mid twentieth century counterculture as left wing Americans took refuge in the arts at a time of increasingly reactionary conservatism vicious racism pervasive sexism dangerous nuclear competition and an increasingly unpopular war in Vietnam the fires of Orc raging against the systems of Urizen Blake s America as a symbol of cyclical hope and despair influenced many Americans who saw themselves as continuing the task of prophecy and vision Blakean forms of bardic song aphorism prophecy and lament became particularly relevant to a literary tradition which centralised the relationship between aspiration and experience His interrogations of power and privilege freedom and form resonated with Americans who repeatedly wrestled with the deep ironies of new world symbolism and sought to renew a Whitmanesque ideal of democracy through affection and openness towards alterity **The Works of Allen Ginsberg, 1941-1994** Bill Morgan, 1995-02-28 Avant garde poet and popular culture icon Allen Ginsberg has been one of the world s most important writers for over 40 years This comprehensive bibliography covering the years 1941 to 1994 was prepared with the cooperation of the poet himself All books periodicals photographs recordings films and miscellaneous appearances are listed here Entries are grouped in chapters according to type of work and each entry provides full descriptive bibliographic information Allen Ginsberg is perhaps the most famous poet of our time as well as one of our most prolific writers His subjects range from Buddhist studies to drug research to gay rights to political issues of every description from Vietnam to censorship Ginsberg gave the author access to personal files and as a result every appearance of Ginsberg s writings in the English language is noted This bibliography is a comprehensive descriptive record of all of Ginsberg s works The volume contains descriptive annotations of every book pamphlet and broadside by Ginsberg It also contains complete descriptions of every contribution by Ginsberg to the works of others In addition all periodical contributions recordings films and miscellaneous publications are listed Due to Ginsberg s recent acceptance as a photographer of note a special section identifies all of his published photographs Entries are arranged in chapters according to the type of work to facilitate ease of use As a result this book presents a history of Ginsberg s works and traces the evolution of his writings over a period of

publications and revisions **Radical Blake** S. Dent, J. Whittaker, 2002-10-02 Blake has maintained an enduring popularity amongst a large and diverse audience as a poet artist and engraver There are probably more artists writers filmmakers and composers working under the influence of Blake than any other figure from the Romantic era Radical Blake traces his influence and afterlife across a range of major themes such as Metropolitan Blake Blake and Nationalism and Blake and Women Neoreaction a Basilisk: Essays on and Around the Alt-Right Elizabeth Sandifer, 2017-12-10 A software engineer sets out to design a new political ideology and ends up concluding that the Stewart Dynasty should be reinstated A cult receives disturbing messages from the future where the artificial intelligence they worship is displeased with them A philosopher suffers a mental breakdown and retreats to China where he finds the terrifying abyss at the heart of modern liberalism Are these omens of the end times or just nerds getting up to stupid hijinks Por que no los dos Neoreaction a Basilisk is a savage journey into the black heart of our present eschaton We re all going to die and probably horribly But at least we can laugh at how completely ridiculous it is to be killed by a bunch of frog worshipping manchildren Featuring essays on Tentacled computer gods at the end of the universe Deranged internet trolls who believe women playing video games will end western civilization The black mass in which the President of the United States sacrificed his name Fringe economists who believe it s immoral for the government to prevent an asteroid from hitting the Earth The cabal of lizard people who run the world How to become a monster that haunts the future Why infusing the blood of teenagers for eternal youth is bad and stupid **Walt Whitman Quarterly Review** ,2015 **William Blake and the Age of Aquarius** Stephen F.
