Cochrane,2013-11-20 Two years after the mysterious disappearance of the ancient magical book the universe has become an even more dangerous place Hudich and his evil followers continue their quest for total domination of all worlds At the same time the rise of a secret society infesting the highest levels of government threatens to overthrow the United States While trying to keep the formation of this new organization and how it came into power from Hudich Max and his friends must try to break its hold on the American people without being discovered Their efforts reveal facts that they are the target of an undercover operation that is watching their every move With their focus on the dark society an unhindered Hudich executes his own plans bringing him dangerously close to obtaining a permanent solution to not having a gateway These attacks from two different fronts lead Max and his friends on the most dangerous chase of their lives an adventure that will test their resolve and their commitment to each other Young Adult Fantasy Science Fiction Suitable Age Range 11 and Up Books available by James Todd Cochrane Max and the Gatekeeper FREE The Hourglass of Souls Max and the Gatekeeper Book II The Descendant and the Demon s Fork Max and the Gatekeeper Book III The Dark Society Max and the Gatekeeper Book IV The Prophecy of Sky Centalpa 6 Part I Centalpa 6 Part II Centalpa 6 Part III Centalpa 6 Part IV Centalpa 6 Part V Centalpa 6 Part VI Centalpa 6 Part VII Centalpa 6 Part VIII Centalpa 6 Omibus Centalpa 6 Part I Part VIII Keywords magic monsters aliens new worlds coming of age swords spells friendship bullies gateways strange life forms sorcerers
The Other Side of the Sky T. E. Jones,2021-08-29 Look at the moon at midnight Look a little to the left and beyond It s there It s invisible to mortals of course but when I look at the moon from Sorca s terrace I can see it like a smudge against the stars What lies on the other side of the sky Now Norvent of Renning is about to find out Abandoning his home his family his country and even his world he runs off with his immortal lover into the black sky and the stars beyond Beyond is the city by the ocean and the addictive affection of the flighty Sorca Arrigo Morales who cavorts among mortals and laughs when Norvent questions his frivolity Above is the Centre behind the moon where shadowy emotionless entities gather to create their contrived society which Norvent revels in defying defiance that then threatens his own safety But all the wonders of the universe the conflicts with other immortals and the all encompassing compulsion for his immortal lover cannot distract Norvent from his longing for home and his dreams of a stark grey castle in the mountains trouble him more and more Consumed by guilt anger at the friend who betrayed him and with the ever present grief for his dead brother he struggles to come to terms with what has happened to him but more with the promise to never go back Never Is this a promise that can

really be kept The Other Side of the Sky is a sweeping epic fantasy romance leaping from a world across the universe to Earth and into the vastness of space and of the bonds of blood of betrayal the illusion of choice but especially of love in all its forms In Book 1 The Other World Norvent begins the tale of how he met his immortal lover and of his bewildering experiences as he passes through to the other side of the sky to the other world which reminds him so much of home and of his growing bond with Sorca in the city by the ocean
