The Path of the Phoenix Rachael Perrine,2025-06-24 Path of the Phoenix is a raw and luminous journey through fire ash and rebirth In this powerful collection of poetry the phoenix is not just a myth it is the embodiment of survival of rising after devastation of carrying both scars and wings Structured as a poetic odyssey each section traces the arc of transformation from the smoldering origins of pain through the isolating shadows of survival into reckoning and finally toward reclamation and self renewal With visceral honesty and haunting beauty these poems speak to anyone who has ever broken open and dared to rise again For the ones who walk through fire and choose to fly anyway Path of the Phoenix is your song
