

THE PENTAGON

WASHINGTON

The Pentagon Reporters

Thelma McCormack, Robert K. Avery

The Pentagon Reporters:

The Pentagon Reporters Robert B. Sims, 2005-01-01 Those who make national security decisions in the United States inevitably meet the press. Hardened though a government civilian or military officer may be toward television or newspapers, he will nonetheless eventually be required to do business with reporters or to decide how best to avoid them. Sometimes good fortune with the press spells victory for a policy or program. Failure in dealings with the media can doom the best efforts of the brightest people. Clearly those who would be successful defense advocates and managers need to know about reporters and the flow of news. This study looks at national security news by examining the small band of reporters who are considered the Pentagon press corps. It introduces those who regularly cover military stories. It presents reporters largely as they see themselves in the context of their working environment. It tells us what they say about their work, their colleagues, their organizations, and their sources. As a result, the study tilts toward being an occasionally sympathetic examination of why reporters do what they do, especially why they do things that often irritate leaders in the Defense Establishment. This approach from the reporter's viewpoint has a purpose. National security decisionmakers sometimes view unrestrained news coverage of military subjects as baggage the democratic system carries; baggage so weighty it may some day sink the ship of state. Some regard reporters as alarmists, as people who are inaccurate, intentionally biased, and opposed to the military. To them, reporters are out to sell newspapers, to be seen on the television tube, to make a name for themselves regardless of the cost to the nation. In certain cases, these critics may be right. It really does not matter. Officials must, barring a change in the Constitution, contend with reporters anyway. They should study journalists carefully, see them as they see themselves, know their capabilities and weaknesses, and develop sensible methods for working with them. It's part of the job. After a brief overview of the historical roots of reporting about national defense, the following pages are organized by media categories. Wire services, the part of the news system that reports developments rapidly to other news organizations, are described first. Then come chapters about the suppliers of the printed word: daily newspapers, news services, weekly news magazines, and technical and policy publications. Television, perhaps the most troublesome of all the media covering the military, is discussed in a chapter on broadcasting. Another chapter considers the international and internal publics, noting the interaction between Pentagon reporters and the Government's overseas and employee information programs. The final section focuses on Pentagon correspondents as a group and includes some general observations for those who want to understand defense news coverage better or to become better communicators themselves.

The Pentagon Reporters Robert B. Sims, 1983. This study looks at national security news by examining the small band of reporters who are considered the Pentagon press corps. It introduces those who regularly cover military stories. It presents reporters largely as they see themselves in the context of their working environment. It tells us what they say about their work, their colleagues, their organizations, and their sources. As a result, the study tilts toward being an occasionally sympathetic examination of why reporters do what they do, especially

why they do things that often irritate leaders in the Defense Establishment After a brief overview of the historical roots of reporting about national defense the following pages are organized by media categories Wire services daily newspaper news services weekly news magazines technical and policy publications television and broadcasting The final section focuses on Pentagon correspondents as a group and includes some general observations for those who want to understand defense news coverage better or to become better communicators themselves

The Pentagon's Wars Mark Perry, 2017-10-24 A gripping insider account of the clash between America's civilian and military leadership The Pentagon's Wars is a dramatic account of the deep and divisive debates between America's civilian leaders and its military officers Renowned military expert Mark Perry investigates these internal wars and sheds new light on the US military the most powerful and influential lobby in Washington He reveals explosive stories from the secret history of Clinton's don't ask don't tell policy to how the military plotted to undermine Barack Obama's strategy in Afghanistan to show how internal strife and deep civilian military animus shapes America's policy abroad often to the nation's detriment Drawing on three decades of high profile interviews both on and off the record Perry yields sobering judgments on the tenures of our nation's most important military leaders The Pentagon's Wars is essential reading for anyone seeking to understand the inner workings of the making of America's foreign policy

Information, the Media and National Security, 1985 Inside the Pentagon Papers John Prados, Margaret Pratt Porter, 2004 Inside the Pentagon Papers addresses legal and moral issues that resonate today as debates continue over government secrecy and democracy's requisite demand for truthfully informed citizens In the process it also shows how a closer study of this signal event can illuminate questions of government responsibility in any era When Daniel Ellsberg leaked a secret government study about the Vietnam War to the press in 1971 he set off a chain of events that culminated in one of the most important First Amendment decisions in American legal history That affair is now part of history but the story behind the case has much to tell us about government secrecy and the public's right to know Commissioned by Secretary of Defense Robert McNamara the Pentagon Papers were assembled by a team of analysts who investigated every aspect of the war Ellsberg a member of the team was horrified by the government's public lies about the war discrepancies with reality that were revealed by the report's secret findings His leak of the report to the New York Times and Washington Post triggered the Nixon administration's heavy handed attempt to halt publication of their stories which in turn led

1984: Civil Liberties and the National Security State United States. Congress. House. Committee on the Judiciary. Subcommittee on Courts, Civil Liberties, and the Administration of Justice, 1985

The Pentagon and the Presidency Dale Roy Herspring, 2005 A fascinating account from the military's perspective of the historically tense and at times outright antagonistic relations between senior military leaders and American presidents and their advisors Closely examines and grades the impact of presidential styles on the military's view of the president

The Quill, 1985 **Rumsfeld's Wars** Dale Roy Herspring, 2008 A highly critical but nonpartisan assessment of the controversial former Defense Secretary as told

by one of the leading experts on civil military relations Focuses on Rumsfeld's notoriously domineering leadership style flawed vision for transforming the military and failures in the Iraq War **Queer in America** Michelangelo Signorile,1994 Controversial journalist and activist Michelangelo Signorile assess that it is the hidden identities the closeted lives of homosexuals that prevent their acceptance in American society In *A Queer Manifesto* he issues a call to arms that refuses to let the closet and the suffering it causes endure American Aviation Daily ,1955-05 Time Briton Hadden, Henry R. Luce,1955 **Editor & Publisher** ,1917 Directory of interactive products and services included as section 2 of a regular issue annually 1995 *The Reporter* ,1979 *News & Newsmaking* Stephen Hess,1996 Among the essays selected are *Leaks and Other Informal Communications* an insider's look at why government officials leak information to journalists *A Journalism Sex Test* a study of whether it makes any difference if the news is written by men or women and *I Am on TV Therefore I Am* an examination of the myth of television's power in politics and Congress members' preoccupation with trying to influence news coverage **The New Republic** Herbert David Croly,1908 *Common Cause Magazine* ,1991 People power and politics in Washington *War in the Media Age* A. Trevor Thrall,2000 *War in the Media Age* also aims to provide a thorough grounding in the history of recent government press relations during conflict and in the mechanics of how presidents, the military and the press do their jobs during war **BOOK JACKET** *The Discourses of War and Peace* Thelma McCormack, Robert K. Avery,1995 This volume covers such topics as the Americanization of the Holocaust deconstructing military propaganda racial attitudes 25 years after Freedom Summer and hippie lifestyle as rhetorical performance *Film and Propaganda in America: 1945 and after* Richard E. Wood,1990

The Enigmatic Realm of **The Pentagon Reporters**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **The Pentagon Reporters** a literary masterpiece penned with a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of those who partake in its reading experience.
