Donald Pizer,1976-06-08 The Novels of Theodore Dreiser was first published in 1976 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Relying heavily on the manuscripts and letters in the Dreiser Collection of the University of Pennsylvania Library Professor Pizer seeks to establish the facts of the sources and composition of each of Dreiser s eight novels and to study the themes and form of the completed works In this study he relates what can be discovered about the factual reality of a novel to its imaginative reality His interpretation of the novels avoids the suggestion that there is a single overriding theme or direction in Dreiser s work and emphasizes that Dreiser deserves examination primarily on the basis of the individuality and worth of each of his novels A separate chapter is devoted to each of the novels Sister Carrie Jennie Gerhardt The Genius The Financier The Titan An American Tragedy The Bulwark and The Stoic
