Theology Music And Time:

Theology, Music and Time Jeremy Begbie, 2000-08-15 Theology Music and Time aims to show how music can enrich and advance theology extending our wisdom about God and God's ways with the world. Instead of asking what can theology do for music, it asks what can music do for theology. Jeremy Begbie argues that music's engagement with time gives the theologian invaluable resources for understanding how it is that God enables us to live peaceably with time as a dimension of the created world. Without assuming any specialist knowledge of music, he explores a wide range of musical phenomena: rhythm, metre, resolution, repetition, improvisation, and through them opens up some of the central themes of the Christian faith: creation, salvation, eschatology, time and eternity, Eucharist, election, and ecclesiology. He shows that music can not only refresh theology with new models but also release it from damaging habits of thought which have hampered its work in the past.

Sermons That Sing Noel A. Snyder, 2021-08-17 Preaching and music are both regular elements of Christian worship, yet they often don't interact or inform each other in meaningful ways. Theologian, pastor, and musician Noel A. Snyder considers how preaching that seeks to engage hearts and minds might be helpfully informed by musical theory so that preachers might craft sermons that sing.

Resounding Truth (O) Jeremy S. Begbie, 2007-12-01 Christianity Today 2008 Book Award Theology Ethics Even fallen humans compose beautiful symphonies; music touches emotions as nothing else can. Resounding Truth shows Christians how to uncover the Gospel message found in the many melodies that surround us. Theologian and musician Jeremy Begbie believes our divinely inspired imagination reveals opportunity for sincere, heartfelt praise. With practical examples, lucid explanations, and an accessible bibliography, this book will help music lovers discover how God's diversity shines through sound. Begbie helps readers see the Master of Song and experience the harmony of heavenly hope.

Music, Time, and Its Other Roger Savage, 2017-09-13 Music, Time, and Its Other explores the relation between the enigmatic character of our temporal experiences and music's affective power. By taking account of competing concepts of time, Savage explains how music refigures dimensions of our experiences through staking out the borderlines between time and eternity. He examines a range of musical expressions that reply to the deficiency born from the difference

between time and an order that exceeds or surpasses it and reveals how affective tonalities of works by Bach Carolan Debussy Schoenberg Messiaen and Glass augment our understanding of our temporal condition Reflections on the moods and feelings to which music gives voice counterpoint philosophical investigations into the relation between music s power to affect us and the force that the present has with respect to the initiatives we take Music Time and Its Other thus sets out a new approach to music aesthetics politics and the critical roles of judgment and imagination **Music, Modernity, and God** Jeremy Begbie,2013 Jeremy Begbie explores how the practices of music and the discourses it has generated bear witness to some of the pivotal theological currents and counter currents shaping modernity Begbie argues that music is capable of yielding highly effective ways of addressing some of the more intractable theological problems and dilemmas of modernity Ministry of Music in Religion Isham E.
