Thomas Merton Monk And Poet:

Thomas Merton, Monk and Poet George Woodcock, 1978 *Echoing Silence* Thomas Merton, 2007-02-13 When Thomas Merton entered a Trappist monastery in December 1941 he turned his back on secular life including a very promising literary career He sent his journals a novel in progress and copies of all his poems to his mentor Columbia professor Mark Van Doren for safe keeping fully expecting to write little if anything ever again It was a relatively short lived resolution for Merton almost immediately found himself being assigned writing tasks by his Abbot one of which was the autobiographical essay that blossomed into his international best seller *The Seven Storey Mountain* That book made him famous overnight and for a time he struggled with the notion that the vocation of the monk and the vocation of the writer were incompatible Monasticism called for complete surrender to the absolute whereas writing demanded a tactical withdrawal from experience in order to record it He eventually came to accept his dual vocation as two sides of the same spiritual coin and used it as a source of creative tension the rest of his life Merton's thoughts on writing have never been compiled into a single volume until now Robert Inchausti has mined the vast Merton literature to discover what he had to say on a whole spectrum of literary topics including writing as a spiritual calling the role of the Christian writer in a secular society the joys and mysteries of poetry and evaluations of his own literary work Also included are fascinating glimpses of his take on a range of other writers including Henry David Thoreau Flannery O'Connor Dylan Thomas Albert Camus James Joyce and even Henry Miller along with many others *A Thomas Merton Reader* Thomas Merton, 1974-08-13 *A Thomas Merton Reader* provides a complete view of Merton in all his aspects contemplative spiritual writer poet peacemaker and social critic In this closely knit volume are significant selections not only from his major works but from some lesser known yet equally valuable writings as well Presented here is a living Thomas Merton expounding through prose and poetry on an abundance of important themes war love peace Eastern thought and spirituality monastic life art contemplation and solitude M Scott Peck puts the writings included here into the context of Merton's life *Entering the Silence* Thomas Merton, 2009-03-17 The second volume of Thomas Merton's gusty passionate journals Thomas Moore chronicles Merton's advancements to priesthood and emergence as a bestselling author with the surprise success of his autobiography *The Seven Storey Mountain* Spanning an eleven year period *Entering the Silence* reflects Merton's struggle to balance his vocation to solitude with the budding literary career that would soon established him as one of the most important spiritual writers of our century

Throughout these years Sister Therese Lentfoehr held a number of university positions in her native Wisconsin and elsewhere all the while amassing an extensive Merton archival collection including various drafts of individual poems and prose pieces translations books and pamphlets and even portions of hand written private journals The comparison of variant readings sometimes three or four drafts of a single poem proved invaluable in preparing this study But of greater worth was the continued intellectual sharing that not only gave Sister Therese growing insight into Merton the monk and contemplative but afforded her a working understanding as it were of his poetic vision Beginning with his pre Trappist writing and his first published collection in 1911 Sister Therese systematically analyses the entire corpus of Merton s poetry the earlier monastic preoccupations to the later Zen influences the recurrent religious and social themes the increasingly surreal imagery and the developing antipoetry of his final books Provided with a bibliography and index *Words and Silence* is a recommended companion to *The Collected Poems of Thomas Merton* 1977 a key to the very mind and spirit of an extraordinary monk and poet
