Thorsons Organic Consumer Guide:

Thorsons Organic Consumer Guide David Mabey, Alan Gear, Jackie Gear, 1990 **Environmentalism** Kay Milton, 2003-12-16 Located in a wide spectrum of current research and practice from analyses of green ideology and imagery environmental law and policy and local environmental activism in the West to ethnographic studies of relationships between humans and their environments in hunter gatherer societies Environmentalism The View from Anthropology offers an original perspective on what is probably the best known issue of the late twentieth century It will be particularly useful to all social scientists interested in environmentalism and human ecology to environmental policy makers and to undergraduates lecturers and researchers in social anthropology development studies and sociology **Food Industry and the Environment** J. M. Dalzell, 2012-12-06 All areas of industry are facing increasing pressure from governments and consumers to be more environmentally aware The food industry is no exception and an increasing number of companies have made the decision to implement an environmental policy These organisations will benefit from this book which has been written to provide a broad but detailed introduction to the topic of environmental issues and their cost implications to the food industry Throughout the text the authors have approached the subject from a practical angle and have borne in mind the environmental production or site manager who is grappling with the problem of how to implement such a policy This book begins by considering the raw materials that are used in the food industry whether derived from animals fruit and vegetables or the products of genetic engineering as may increasingly be the case in the future Environmental and cost considerations of food processing operations are then examined encompassing energy conservation and the control of air noise and water pollution all topics that are uppermost in the priorities of the environmental manager The finished food product also has an impact on its environment and so the storage distribution and packaging of foods post food factory is discussed in detail Finally the principles involved in management accounting for food industry environmental issues are highlighted All the authors of this book are respected experts in their chosen field each of whom could have written a complete book on their subject The Earthscan Action Handbook for People and Planet Miles Litvinoff, 2013-11-05 We have poisoned the air and water on which our lives depend Poor countries exhaust their land in the struggle to survive while rich countries demand more and more The Earthscan Action Handbook spells out why things have gone so terribly wrong and what each of us can do to clean up the mess Each chapter deals with one of the major problems people and the planet now face meeting the human needs of health education and social justice as well as the environmental needs of our dying lakes and forests polluted seas threatened habitats and endangered species Packed with suggestions for positive action this book also gives details of who to contact what to read and where to go if you want to do more Whether you care about buying safe food or feeding the world The Earthscan Action Handbook is indispensable Originally published in 1990 *The Shopper's Guide to Organic Food* Lynda Brown, 1998 **The Living Earth**, 1989 **Exploring Natural Language** Gerald Nelson, 2002-01-01 ICE GB
