

The world breaks everyone and afterward, many are stronger in the broken places. But those it cannot break, it kills. It kills the very good and the very gentle and the very brave impartially. If you are none of these you can be sure that it will kill you, too, but there will be no special hurry." - Ernest Hemingway.

Those Are The Breaks:

Breaks in the Air John Klaess, 2022-08-22 In *Breaks in the Air* John Klaess tells the story of rap's emergence on New York City's airwaves by examining how artists and broadcasters adapted hip hop's performance culture to radio. Initially, artists and DJs brought their live practice to radio by buying time on low bandwidth community stations and building new communities around their shows. Later, stations owned by New York's African American elite such as WBLS reluctantly began airing rap even as they pursued a sound rooted in respectability, urban sophistication, and polish. At the same time, large commercial stations like WRKS programmed rap once it became clear that the music attracted a demographic that was valuable to advertisers. Moving between intimate portraits of single radio shows and broader examinations of the legal, financial, cultural, and political forces that indelibly shaped the sound of rap radio, Klaess shows how early rap radio provides a lens through which to better understand the development of rap music as well as the intertwined histories of sound, institutions, communities, and legal formations that converged in the post-Civil Rights era.

Cabin in the Hills Cal De Voll, 1930 *Journal* Royal Society for the Encouragement of Arts, Manufactures and Commerce, 1860 *Charlotte Perkins Gilman's "The Yellow Wall-paper" and the History of Its Publication and Reception* Julie Bates Dock, 1998-02-27 Since its publication in 1892, Charlotte Perkins Gilman's *The Yellow Wall paper* has always been recognized as a powerful statement about the victimization of a woman whose neurasthenic condition is completely misdiagnosed, mistreated, and misunderstood, leaving her to face insanity alone as a prisoner in her own bedroom. Never before, however, has the story itself been portrayed as victimized. In this first critical edition of Gilman's *The Yellow Wall paper*, accompanied by contemporary reviews and previously unpublished letters, Julie Bates Dock examines the various myth frames that have been used to legitimize Gilman's story. The editor discusses how modern feminist critics' readings and misreadings of the available documents uphold a set of legends that originated with Gilman herself and that promulgate an almost saintly view of the pioneering feminist author. The documents made available in the collection enable scholars and students to evaluate firsthand Gilman's claims regarding the story's impact on its first audiences. Dock presents an authoritative text of *The Yellow Wall paper* for the first time since its initial publication. Included are a textual commentary, full descriptions of all relevant texts, lists of editorial emendations, and pre-copy text substantive variants, a complete historical collation that documents all the variants found in important editions after 1892, and a listing of textual sources for more than one hundred reprintings of the story in anthologies and textbooks. Other documents in the casebook that illuminate the story's publication and reception histories include Gilman's successive and varying accounts of the story's history, her diary and manuscript log entries, and letters pertaining to the story: W. D. Howells's correspondence with Gilman and Horace Scudder, editor of *The Atlantic Monthly*, and his remarks on the story when he reprinted it in *Great American Short Stories*, and more than two dozen reviews of the story by Gilman's contemporaries. Taken together, the criticism text documents and annotations constitute a rich and valuable contribution to

Gilman scholarship calling into question the feminist literary criticism that has helped to shape interpretations of a literary masterpiece

We Sleep They Live David Michael Beechwood,2019-06-07 Today we are feeling the loss of our privacy like no other generation has We are also being led down a path that fuels the evil intents of those who collect our secrets Rather than being warmed by the suggested security blanket most of us have felt a little uncovered at times Our lives are often shamefully exposed by people with self serving epic desires to know everything about each of us Those involved in this prying employ little known or hidden processes These methods have been used against us by both criminals and the government Unendingly we are asked to conform to intrusive measures or laws that severely alter our lives Who is it that is restructuring our lives in all too often negative ways While considering what has been happening here an interesting comparison struck me It came from an old movie called They Live Others who have watched this movie likely had similar thoughts of comparing it to the reality we all face today I have taken those lighthearted comparisons and have carried them further in this book The effort here is to bring to light what most of us already know but do not want to take seriously We live in a world that really does have evil people lurking behind the scenes They take advantage of us with impunity Why Because very few people are looking deep enough to uncover the webs of deceit that exist This book uses the backdrop of the movie to paint a real world comparison of those treacheries that befall most of us The schemes used by those behind the curtain villains to perpetuate their corruptions on the world are addressed herein This book might seem like a work of fiction but sorry to say it s a nonfiction title
