Turmoil And Tradition:

Traditions in Turmoil Mary Ann Glendon, 2006 That ours is a time of intellectual cultural moral and religious turmoil does not need to be argued What does need to be argued and what Glendon argues with force and freshness is that our response to turmoil requires a greater honesty in coming to terms with tradition and with traditions in conflict That is little understood by many on both the political left and right Quoting one of her favorite thinkers theologian Bernard Lonergan she urges us to be big enough to be at home in the both and old and new and painstaking enough to work out one at a time the transitions to be made Working within the capacious structure of the Christian intellectual tradition most reflectively and generously articulated in Catholic teaching Glendon constructively engages alternative ways of thinking about what it means to be human and what is required to nurture a society worthy of human beings As the reader will see her work ranges far and wide and it goes deep There is hardly a subject she addresses that does not change the way we think about it ABOUT THE AUTHOR Mary Ann Glendon is Learned Hand Professor of Law at Harvard Law School and President of the Pontifical Academy of Social Sciences She teaches and writes on international human rights comparative law and constitutional law issues She is the author of many books including Rights Talk A Nation Under Lawyers and most recently A World Made New Eleanor Roosevelt and the Universal Declaration of Human Rights *Turmoil and Tradition* Elting Elmore Morison, 1966

Turmoil & Tradition Elting Elmore Morison, 1960 [Mobilizing America](#) Keith E. Eiler, 2018-10-18 This splendid biography does belated justice to one of the unsung heroes of the Second World War Robert P Patterson a quiet man of commanding ability and sturdy purpose played a key role in the mobilization of American men and resources that made victory possible Mobilizing America illuminates both the integrity of the man and the complexity of his achievement Arthur Schlesinger Jr In Keith Eiler s masterful and meticulously researched account the unsung pillar of America s victorious mobilization for World War II Under Secretary of War Robert Patterson a man of rare character and judgment and an incomparably purposeful mobilizer is at long last given his due Lieutenant General John H Cushman U S Army Retired Students of the Second World War even professional military officers are often woefully uninformed about the vast and complex war effort waged on the home front to provide the supplies trained manpower and munitions necessary to ultimate victory Keith Eiler has found a way to portray this mobilization effort vividly by telling the story through the eyes of Undersecretary of War Robert P Patterson a modest but dynamic man whose contributions in the author s words were comparable only to those of the army s chief of staff General George C Marshall and of the president himself John S D Eisenhower In an era when the common defense is no longer considered the responsibility of every citizen but instead is provided by hundreds of billions of tax dollars technical experts and esoteric systems and strategies it is reassuring to be

reminded of the sincerely patriotic efforts of a man like Patterson Keith Eiler's book is well researched lucidly written and full of insights and analysis that go beyond the usual biography of an important public personality J Garry Clifford University of Connecticut *American Foreign Policy: Since 1900* Thomas G. Paterson, John Garry Clifford, Kenneth J. Hagan, 1983

Awkward Dominion Frank Costigliola, 1984 In *Awkward Dominion* Frank Costigliola offers a striking interpretation of the emergence of the United States as a world power in the 1920s a period in which the country faced both burdens and opportunities as a result of the First World War Exploring the key international issues in the interwar period peace treaty revisions Western economic recovery and modernization Costigliola considers American political and economic success in light of Europe's fascination with American technology trade and culture The figures through which he tells this story include Herbert Hoover Calvin Coolidge Henry Stimson Charles Lindbergh Ernest Hemingway and Henry Ford *American Foreign Policy: 1900 to present* Thomas G. Paterson, John Garry Clifford, Kenneth J. Hagan, 1991 **The Limits of Liberalism** Larry G. Gerber, 1979 **Author-title Catalog** University of California, Berkeley. Library, 1963 **The Management of Defense** John C. Ries, 1964 **Army Assistance in the Formulation of the Selective Training and Service Act of 1940** Paul Edward James, 1972 *The New High Priests* Gerald W. Gawalt, 1984-06-22 Gerard W Gawalt has collected essays that explore the critical period in the development of the legal profession from 1865 to 1900 when law replaced religion as the controlling element in American society and lawyers clearly established themselves as the formulators advocates and arbiters of the law The authors of these essays explore the extent of the legal profession's involvement in the growth of industrial America focusing on the state of the profession in various geographic regions and on the profession's institutions and plans for education regulation reform and practice in the period after the Civil War They address the central question of how the nature and structure of the legal profession was molded by the growth of urban industrial society and argue that the profession not only adapted but pioneered and adopted many of the aspects of the new industrialism *American Foreign Relations* Thomas G. Paterson, John Garry Clifford, Kenneth J. Hagan, 1995 *American Foreign Policy* Thomas G. Paterson, John Garry Clifford, Kenneth J.
