## Turning Points:

**Turning Points** Ansgar Nünning, Kai Marcel Sicks, 2012-10-30 At times of crisis and revolution such as ours diagnoses of crucial junctures and ruptures turning points in the continuous flow of history are more prevalent than ever Analysing literary cinematic and other narratives the volume seeks to understand the meanings conveyed by different concepts of turning points the alternative concepts to which they are opposed when used to explain historical change and those contexts in which they are unmasked as false and over simplifying constructions Literature and film in particular stress the importance of turning points as a sensemaking device as part of a character s or a community s cultural memory while at the same time unfolding the constructive and hence relative character of turning points Offering complex reflections on the notion of turning points literary and filmic narratives are thus of particular interest to the present volume

**Turning Points** Holger Janusch, Witold Mucha, Julia Schwanholz, Alexander Reichwein, Daniel Lorberg, 2023-12-18 **Turning Points** Challenges for Western Democracies in the 21st Century centers around the strikingly under researched concept of turning points and its application in political science including various theories fields and sub disciplines The chapters provide theoretical discussion and conceptual clarity by distinguishing a set of turning points at different analytical levels Based on a wide range of case studies the authors illustrate where when and how different types of turning points occur or not against the backdrop of current challenges in and for Western democracies The conceptual and empirical variety of the volume allows scholars and practitioners in policymaking to develop and apply their own frameworks when dealing with turning point dynamics

*Biography and Turning Points in Europe and America* Karla B. Hackstaff, Feiwei Kupferberg, Catherine Négroni, 2012 This sociological collection advances the argument that the concept of a turning point expands our understanding of life experiences from a descriptive to a deeper and more abstract level of analysis It addresses the conceptual issue of what distinguishes turning points from life transitions in general and raises crucial questions about the application of turning points as a biographical research method *Biography and turning points in Europe and America* is all the more distinctive and significant due to its broad empirical database The anthology includes authors from ten different countries providing a number of contexts for thinking about how turning points relate to constructions of meaning shaped by globalization and by cultural and structural meanings unique to each country The book will be useful across a wide range of social sciences and particularly valuable for researchers needing a stronger theoretical base for biographical work
