Unwelcome Strangers:

Impossible Subjects Mae M. Ngai, 2014-04-27 This book traces the origins of the illegal alien in American law and society explaining why and how illegal migration became the central problem in U S immigration policy a process that profoundly shaped ideas and practices about citizenship race and state authority in the twentieth century Mae Ngai offers a close reading of the legal regime of restriction that commenced in the 1920s its statutory architecture judicial genealogies administrative enforcement differential treatment of European and non European migrants and long term effects She shows that immigration restriction particularly national origin and numerical quotas remapped America both by creating new categories of racial difference and by emphasizing as never before the nation s contiguous land borders and their patrol Some images inside the book are unavailable due to digital copyright restrictions

Traces of History Patrick Wolfe, 2016-01-12 Traces of History presents a new approach to race and to comparative colonial studies Bringing a historical perspective to bear on the regimes of race that colonizers have sought to impose on Aboriginal people in Australia on Blacks and Native Americans in the United States on Ashkenazi Jews in Western Europe on Arab Jews in Israel Palestine and on people of African descent in Brazil this book shows how race marks and reproduces the different relationships of inequality into which Europeans have coopted subaltern populations territorial dispossession enslavement confinement assimilation and removal Charting the different modes of domination that engender specific regimes of race and the strategies of anti colonial resistance they entail the book powerfully argues for cross racial solidarities that respect these historical differences

Marketing Identities David A. Brenner, 2018-02-05 A study of the first Jewish magazine to explore ethnic identity in early twentieth century Germany Marketing Identities analyzes how Ost und West East and West the first Jewish magazine 1901 1923 published in Berlin by westernized Jews originally from Eastern Europe promoted ethnic identity to Jewish audiences in Germany and throughout the world Using sophisticated techniques of modern marketing such as stereotyping the editors of this highly successful journal attempted to forge a minority consciousness Marketing Identities is thus about the beginnings of ethnicity as we know it in the late twentieth century An interdisciplinary study Marketing Identities illuminates present day discussions in Europe and the Americas regarding the experience and self understanding of minority groups and combines media and cultural studies with German and Jewish history

Who Belongs in America? Vanessa B. Beasley, 2006-07-11 How can the immigrant of yesterday be lionized as the very foundation of the nation s character while the immigrant of today is often demonized as a threat to the nation s safety and stability ask volume editor Vanessa B Beasley in her introduction to this timely book As the nation s ceremonial as well as political leader presidents through their rhetoric help to create the frame for the American public s understanding of immigration In an overarching essay and ten case studies Who Belongs in America Explores select moments in U S immigration history focusing on the presidential discourse that preceded address or otherwise corresponded to events These chapters which originated as presentations at the Texas A M

University Conference on Presidential Rhetoric share a common interest in how when and under what circumstances U S presidents or their administrations have negotiated the tension that lies at the heart of the immigration issue in the United States The various authors look at the dual views of immigrants as either scapegoats for cultural fears especially during trying times U S presidents have had to navigate between these two motifs and they have chosen different ways to do so Indeed as these studies show their words have sometimes been at odds with their deeds and policies Since 9 11 few issues have more public significance than how America views immigrants The contributors to this volume provide context that will help inform the public debate as well as the scholarship for years to come Vanessa B Beasley an associate professor of communication at the University of Georgia is the author of *You the People American National Identity in Presidential Rhetoric* also published by Texas A M University Press Her Ph D is from the University of Texas at Austin [The Republican Party and Immigration Politics](#) A.
