Uplift War:

The Uplift War David Brin, 2021-05-25 Hostile aliens take an Earth colony hostage in this New York Times bestselling hard science fiction adventure by the author of *Startide Rising*. Although they were uplifted and given full sapience the Bururalli clearly weren't ready to run a planet almost wrecking Garth. As a salvage world it was given to despised Earthlings assigned to reclaim it from the brink. Many senior Galactics leaders of the Five Galaxies hoped humanity would fail. But now Garth is peacefully surging back tended by human and neo chimpanzee colonists. Meanwhile enemies desperately seek some way to coerce Earthclan looking for a possible answer to the secret of the Progenitors. One of them the Gubru avian race prepares to invade and hold hostage defenseless Garth. With Earth itself under attack by other militant forces no relief is coming for the embattled colonists. If they are to survive they have no choice but to band together improvise and learn the tactics of guerilla warfare. This ebook features a new introduction by the author. Winner of the Hugo Award. An exhilarating read that encompasses everything from breathless action to finely drawn moments of quiet intimacy. There is no way we can avoid coming back as many times as Brin wants us to until his story is done. Locus Shares all the properties that made *Startide* such a joy. The plot fizzes along and there are the wonders of the Galactic civilizations which have all the invention and excitement that SF used to have. Asimov's Science Fiction. The Uplift books are as compulsive reading as anything ever published in the genre. The Encyclopedia of Science Fiction.

Startide Rising David Brin, 2021-05-25 A starship crew of humans and dolphins skirts the brink of interstellar war in this epic adventure by the New York Times bestselling author of *The Postman*. We are not alone. Humanity's explorations have revealed galaxies inhabited by millions of intelligent species interacting under ancient traditions. Foremost among said traditions is uplift which requires all spacefaring races to welcome newcomers into Galactic culture by breeding and genetically guiding each client species to full sapience but at a price. Patron races demand centuries of indentured servitude from each uplifted client. But is upstart humanity a patron or a client? The Earthship *Streaker* crewed by humans and uplifted dolphins and chimpanzees discovers a derelict armada perhaps left by the very first patrons the fabled Progenitors. Suddenly the Five Galaxies teeter on the brink of all out war as fanatics hunt *Streaker* for the secret. With a damaged ship and hostile aliens in pursuit the crew must band together if they hope to survive. This ebook features a new introduction by the author. Winner of the Hugo and Nebula Awards. An extraordinary achievement. Poul Anderson award winning author of *Tau Zero*. What a wonderful ride. *Startide Rising* is one of the books that I remember most fondly out of all I have read and rereading it thirty years later proved just as enjoyable as the first time. I remain amazed at how many different characters and subplots Brin juggles without a misstep and the way he keeps the tension and suspense high throughout. Tor.com. This is one of the outstanding SF novels of recent years. Publishers Weekly. One of maybe twenty science fiction novels that deserve the label classic. Time. *American Federationist*, 1909 v 68 no 7 June 1961 include section. Collective bargaining report. *The American Federationist*, 1910. Includes separately paged Junior union section.
