Upstaging God:

Upstaging God Pelle Karlsson, Pelle Karrison, 1996 In *Upstaging God* Pelle Karlsson takes a painfully honest look at the show off mentality that is pulsating through many parts of the Church today Dispelling the view that numbers and statistics are evidences of God's blessing the author challenges church leaders toward greater humility and service *The Oxford Handbook of Rhetoric and Political Theory* Dilip Parameshwar Gaonkar, Keith Topper, 2026-01-09 The resurgence of interest in rhetoric among political theorists is one of the most remarkable developments in the field over the past few decades Assembling a multidisciplinary group of prominent scholars *The Oxford Handbook of Rhetoric and Political Theory* is the most ambitious effort to date to display the range and vitality of work that constitutes the rhetorical turn in political theory Including thirty six chapters across five sections the Handbook explores issues that reside at the heart of many of the most pivotal debates and discussions in political theory today questions about the role of affect and emotion in political life the work of persuasion in political discourse the relationship between logic and style in political argument the character and scope of public deliberation the performative and constitutive dimensions of language the play of contingency in political life and the rhetorical structure of political texts The volume's authors assess the changing status of rhetoric in political theory and philosophy exploring disputes that arose in ancient Athens and have continued to the present day as well as urgent issues that have only recently emerged Moreover the Handbook investigates different understandings of rhetoric that have animated recent scholarship and examines key issues and approaches that have fueled the burgeoning interest in rhetoric and political thought *The Oxford Handbook of Rhetoric and Political Theory* demonstrates that an adequate understanding of political affairs cannot be attained without taking account the impact of rhetoric on political thought and conduct
