Whats Not To Love:

What's Not to Love? Jonathan Ames, 2007-12-18 Perhaps all of Jonathan Ames problems and the genesis of this hilarious book can be traced back to the late onset of his puberty After all it can't be easy to be sixteen with a hairless undistinguishable from that of a five year old's This wonderfully entertaining memoir is a touching and humorous look at life in New York City But this is life for an author who can proclaim my first sexual experience was rather old fashioned it was with a prostitute an author who can talk about his desire to be a model for the Hair Club for Men and about meeting his son for the first time Often insightful sometimes tender always witty and self deprecating What's Not to Love is an engaging memoir from one of our most funny most daring writers The Production of Global Web Series in a Networked Age Guy Healy, 2022-02-25 This book tells the story of diverse online creators women ethnic and racial minorities queer folk and those from hardscrabble backgrounds producing low budget high cultural impact web series which have disrupted longstanding white male domination of the film and TV industries Author Guy Healy addresses four burning problems faced by creators in the context of digital disruption along with potential solutions namely the sustainability of monetizing digital content and the rising possibility of middle class artistic careers algorithmic volatility the difficulty of finding people to share jealously guarded industry knowledge as traditional craft based mentoring and expertise sharing mechanisms break down and the lack of diversity and authenticity in high profile storytelling It includes nine case studies five drawn from a second wave of outstanding YouTube developed talent transitioning to longer form narrative most collaborating with established TV producers working across the divide between online and established television culture and all from under represented and or minority backgrounds The balance are film school and industry professionals leveraging YouTube in the same way including two Writers Guild of America new media award winners These storytellers leverage their social networks and chase sustainable careers by reaching audiences of subscription video on demand platforms and mainstream online broadcast in Australia and North America The Production of Global Web Series in a Networked Age is the first longitudinal study of this historic rapprochement between online and television cultures Four of the cases are in Emmy winning contexts and one in an Emmy nominated context Covering 2005-2021 the book reveals distinctive new forms of screen industry convergence with profound implications for creators careers the screen industry in general new media theory and broader cultural and social change It is essential reading for students academics and industry professionals working on the production and distribution of web series The Horror of Police Travis Linnemann, 2022-09-06 Unmasks the horrors of a social order reproduced and maintained by the violence of police Year after year the crisis churns graft and corruption violence and murder riot cops and armored vehicles claim city streets Despite promises of reform police operate with impunity unaccountable to law In The Horror of Police Travis Linnemann asks why with this open record of violence and corruption policing remains for so many the best perhaps only means of security in an insecure world Drawing on the language and texts of horror fiction Linnemann

recasts the police not only as self proclaimed monster fighters but as monsters themselves a terrifying force set loose in the world Purposefully misreading a collection of everyday police stories TV cop dramas detective fiction news media accounts the direct words of police not as morality tales of innocence avenged and order restored but as horror Linnemann reveals the monstrous violence at the heart of liberal social order The Horror of Police shows that police violence is not a deviation but rather a deliberate and permanent fixture of U S law and order Only when viewed through the refracted motif of horror stories Linnemann argues can we begin to reckon the limits of police and imagine a world without them

Good-Vs-Evil Anastacia Burrell,2018-12-29 God is there to save you from harm The devil can t take no more then you can t ever have in life on what you can have is yours in life who stands by the great waterfalls of life stands for ups and downs everything is meant for a reason because you wonder why your life is so block from others because something maybe missing in order to put common sense together which was unsaid and done that needs to be done so you cherish the memory of that day of your life every stone you can ever take and every breath in your body give it to god and glory and take a deep breath and praise God Trials must be mistaken because whatever you do or whatever you did it must be something or what you did needs to be fixed and prepared of a dislike compare to or a distance A distance is a challenge of course or a state of mind What people do for a living is the unit of life It s the bad things that you do that makes trials go wrong and bad rather than right One way it is or another and one way it doesn t What you do or what you don t do you pick up the pieces of the puzzles and get it right on time on the dot and line and you take a piece of the pie what you like and dislike and show and prove the way you want it You talk about the good old times and sometimes it s about the wrong times of your life and the things you did in the past whether it be good or bad in your wildest dream life You take that and swipe your shoulders off The greater it is the badder it maybe It can be fixable that same day or a couple of days a head Trouble don t last always and not for long That s how it works and what should be done and you take it and fix everything that has been broken You stand forward to that and be strong and have strength and whatever that needs to be done and whatever that it is you can t do you don t have to do it or put up with it Be yourself and do all that you can do as possible and that s all you can do You cannot please everyone because it s gonna have a passing moment when you can do something or not and you will be tired of it It also includes fatal attraction breaking relationships tragedies boo thangs lover and friends blessings curses magic spells cast of spells Buddhism voodoo and many more
