## **When Governments Collide:**

When Governments Collide Wallace J. Thies, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give their voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980 When Governments Collide [electronic Resource] Don (Donald Alexander) Trudeau, 2005 **When Governments Collide** Alexandre Couture Gagnon, 2026 *When Governments Collide: Competition Within Nations in Quebec and Catalonia* offers a comparative analysis of Quebec and Catalonia from the perspective of minority cultures operating within broader states where their cultures and identities sometimes come in conflict with that of the majority focusing on language immigration and foreign affairs policy Since the mid to late 20th century Quebec and Catalonia have been demanding greater powers from their respective federal or central governments While Quebec has obtained significant powers over key identity policies language immigration and international relations from Ottawa Catalonia has faced strong opposition from Madrid This book looks at how each sub state navigates its position within its federative context environment and how they negotiate and leverage policies in relation to their respective federal governments It starts by exploring the external factors that have played a large role in allowing Quebec to obtain more powers than Catalonia such as the impact of Franco's dictatorship on linguistic policy Also central to the book's analysis is the argument that incremental demands are more likely to be successful than sweeping requests This incrementalism thesis suggests that minority nation governments are more likely to secure concessions from central political authorities by taking smaller less provocative steps While this strategy has practical implications the book also addresses its limitations noting that incrementalism may not always be feasible or effective This book will be of great interest to students and scholars of comparative public policy and politics and nationalism providing a timely perspective on forms of minority nationalism Provided by publisher *Writing the Arab-Israeli Conflict* Jonathan B. Isacoff, 2006-01-01 In *Writing the Arab Israeli Conflict* Jonathan B Isacoff constructs the nature of historical knowledge by deftly examining the multiple histories of the Arab Israeli conflict written by generations of Israeli scholars He also undertakes briefer analysis of literature drawn from both historians and political scientists of the Vietnam War demonstrating that historical revisionism is not unique to the study of the Middle East **A Sustainable U.S. Strategy for Transatlantic Relations** Joel R. Hillison, 2025-11-27 Transatlantic relationships have enabled NATO and Europe to survive adapt grow and remain strong They are essential to achieving U S national interests in Europe and the rest of the world *The Presidency of Lyndon B. Johnson* Vaughn Davis Bornet, 1983 Presents an assessment of the Johnson administration including the Vietnam issue **Cult of the Irrelevant** Michael C. Desch, 2021-09-28 How professionalization and scholarly rigor made social scientists increasingly irrelevant to US national security policy To mobilize America's intellectual resources to meet the security challenges of the post 9 11 world

US Secretary of Defense Robert M Gates observed that we must again embrace eggheads and ideas But the gap between national security policymakers and international relations scholars has become a chasm In *Cult of the Irrelevant* Michael Desch traces the history of the relationship between the Beltway and the Ivory Tower from World War I to the present day Recounting key Golden Age academic strategists such as Thomas Schelling and Walt Rostow Desch s narrative shows that social science research became most oriented toward practical problem solving during times of war and that scholars returned to less relevant work during peacetime Social science disciplines like political science rewarded work that was methodologically sophisticated over scholarship that engaged with the messy realities of national security policy and academic culture increasingly turned away from the job of solving real world problems In the name of scientific objectivity academics today frequently engage only in basic research that they hope will somehow trickle down to policymakers Drawing on the lessons of this history as well as a unique survey of current and former national security policymakers Desch offers concrete recommendations for scholars who want to shape government work The result is a rich intellectual history and an essential wake up call to a field that has lost its way

**The China Hands' Legacy** Paul Gordon Lauren,2019-06-18 A group of American Foreign Service officers and journalists in China during and after World War II collectively known as the China Hands were accused of disloyalty and in some cases treason for reporting on events as they saw them Faced with the ethical dilemma of what a public official s responsibility is when one believes one s government s *Vietnam* John Prados,2009 The first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts America

**The U.S. Government and the Vietnam War** William Conrad Gibbons,1994

**Warmaking and American Democracy** Michael David Pearlman,1999 While war is most effectively waged as a united effort the United States has consistently waged military conflict without firm central direction Throughout our history observes Michael Pearlman the waging of war has been subject to continuous bargaining and compromise among competing governments and military factions What passes for strategy emerged from this process *Transcript Appeals ... the File of Opinion in Cases Argued Before the Court of Appeals of the State of New York* New York (State). Court of Appeals,1907
