**Robert D. Behn**

## **When Strangers Cooperate Using Social Conventions To Govern Ourselves:**

**When Strangers Cooperate** David W. Brown,1995 This classic example of the sociological essay examines the unspoken social agreements known as conventions and describes how they originate and how they can be used to solve problems that elude legal or political solutions

**Historical Dictionary of the Cooperative Movement** Jack Shaffer,1999-08-31 Provides snapshot views of the cooperative movement in all its diversity The only single source one can consult to find so much information on the different kinds of cooperatives significant figures including philosophers pioneers officials and leaders and the situation in a large number of countries With a list of acronyms an extensive chronology appendixes and a comprehensive bibliography

**Informality** Barbara Misztal,2002-09-11 For most of the twentieth century modernity has been characterised by the formalisation of social relations as face to face interactions are replaced by impersonal bureaucracy and finance As we enter the new millennium however it becomes increasingly clear that it is only by stepping outside these formal structures that trust and co operation can be created and social change achieved In a brilliant theoretical tour de force illustrated with sustained case studies of changing societies in the former eastern Europe and of changing forms of interaction within so called virtual communities Barbara Misztal argues that only the society that achieves an appropriate balance between the informality and formality of interaction will find itself in a position to move forward to further democratisation and an improved quality of life

**Rethinking Democratic Accountability** Robert D. Behn,2004-05-26 Traditionally American government has created detailed formal procedures to ensure that its agencies and employees are accountable for finances and fairness Now in the interest of improved performance we are asking our front line workers to be more responsive we are urging our middle managers to be innovative and we are exhorting our public executives to be entrepreneurial Yet what is the theory of democratic accountability that empowers public employees to exercise such discretion while still ensuring that we remain a government of laws How can government be responsive to the needs of individual citizens and still remain accountable to the entire polity In *Rethinking Democratic Accountability* Robert D Behn examines the ambiguities contradictions and inadequacies in our current systems of accountability for finances fairness and performance Weaving wry observations with political theory Behn suggests a new model of accountability with compacts of collective mutual responsibility to address new paradigms for public management

**The Real Change-Makers** David Warfield Brown,2012-01-06 Government did not create our social problems and it can't solve them for us This book explores in detail the who and how of real social change *The Real Change Makers Why Government Is Not the Problem or the Solution* is based on a straightforward premise it is everyday Americans who have always been the real change makers and whose efforts are now more necessary than ever given the financial squeeze that local state and federal governments confront In this provocative and timely book Brown explains why solutions to social problems won't come from just more litigation more legislation more regulation or more funding His focus is not upon theory but everyday social practices pursuing health care

beyond the doctor's office educating young people beyond the school zone and pooling resources in new ways that take into account what Americans own what they know and what free time they have Despite living in an age of media distraction this book calls on citizens to renew their social attention self organize and tackle the social problems that plague us Most important it is a book that leads the way to our future **Symposium** ,1996 Toward a Common Ground American Studies Association. Annual Meeting,1995 **The Connections Project** Amy Lynn Damrow,1998 **Living on Cybermind** Jonathan Paul Marshall,2007 Cybermind is an Internet mailing list originally founded in 1994 to discuss the issues and problems of living online It proved exceptionally fertile and is still going strong thirteen years later This book is an ethnographic investigation which follows Cybermind members in their daily lives on the List and explores the ways they look at the world argue relate online life to offline life use gender and build community Perhaps the most comprehensive history of an Internet group ever published it includes detailed analyses using List members own words and commentary and develops a unique theory of the relationship between culture the problems of communication and the ongoing processes of categorisation Living on Cybermind illustrates how behaviour is affected by the organisation of communication and how people deal with the paradoxes involved in resolving ambiguity and truth in a situation in which presence is always on the verge of slipping away **American Book Publishing Record** ,1995 Library Journal ,1995 *Book Review Digest* ,1997 **Academic Identity** Robert P. Engvall,2003 This text centres upon full inclusion within the higher education curriculum of such disciplines as women's studies ethnic studies criminal studies and teacher education It has a chapter on each discipline and discusses the topic of marginalization within academia **Information Warfare and Organizational Decision-making** Alexander Kott,2007 This volume shows how to mitigate attacks on organizational decision making and predict the impact of attacks on robustness quality and timeliness of an organization Moreover this book explains how to manage in real time the processes of attacking enemy organizations or defending friendly ones By integrating artificial intelligence game theory control theory management science organizational science and cognitive modeling this resource helps professionals rethink the relations between organization warfare and information Who's who in America ,2003 **AIESOP-Adelphi World Congress** ,1998 **The Publishers Weekly** ,1995 *Sociology* Craig J. Calhoun,Donald Light,Suzanne Keller,1997 This survey focuses on five key concepts to explain sociological principles function structure action culture and power These concepts enable the text to present structural sociology and culture with student orientated examples International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences ,1996 **Responsabilización y evaluación de la gestión pública** Koldo Echebarría,2005
