Westbury, 2015-06-09 This is a wonderful comic novel about philosophy the nature of art the beauty of the ordinary and about quirky complete night day victims of obsessive compulsive disorder Two charming over anxious germ phobic friends Isaac and Greg take a road trip from Boston to Philadelphia They are both obsessed with Marcel Duchamp his art and his ideas and thus the destination has to be the largest collection of Duchamp in the world The Philadelphia Art Museum the actual place The Bride Stripped Bare by Her Bachelors Even was to be delivered when it was cracked and broken in shipment The piece is sometimes known as The Large Glass and today it sits in the middle of a large gallery proudly displayed in its broken state which Duchamp repaired and then certified had been his intention all along The two men are driven in a rented disinfected Winnebago by Kelly a beautiful art scholar who smells like a mixture of lemons and fresh sawdust They intend to pick up an ancient chocolate grinder an exact working sculptural copy of one used in a Duchamp painting Isaac intends to grind his own pure chocolate which will prevent the build up or arterial plaque because his mother died of a stroke Every action has its own suitable reaction and then some Isaac hopes eventually to overcome his devotion to his many obsessions and to re enter the world evidently his version of the real world He is not an unreliable narrator he is a hyper reliable narrator consumed by his own attention and thrilled with the connections he sees everywhere all at once Of course when he finally gets to the museum he must dress up as a woman to visit the collection

Adhocism, expanded and updated edition Charles Jencks, Nathan Silver, 2013-05-24 The triumphant return of a book that gave us permission to throw out the rulebook in activities ranging from play to architecture to revolution When this book first appeared in 1972 it was part of the spirit that would define a new architecture and design era a new way of thinking ready to move beyond the purist doctrines and formal models of modernism Charles Jencks and Nathan Silver s book was a manifesto for a generation that took pleasure in doing things ad hoc using materials at hand to solve real world problems The implications were subversive Turned off citizens of the 1970s immediately adopted the book as a DIY guide The word adhocism entered the vocabulary the concept of adhocism became part of the designer s toolkit and Adhocism became a cult classic Now Adhocism is available again with new texts by Jencks and Silver reflecting on the past forty years of adhocism and new illustrations demonstrating adhocism s continuing relevance Adhocism has always been around Think Robinson Crusoe making a raft and then a shelter from the wreck of his ship As a design principle adhocism starts with everyday improvisations a bottle as a candleholder a dictionary as a doorstop a tractor seat on wheels as a dining room chair But it is also an undeveloped force within the way we approach almost every activity from play to architecture to city planning to

political revolution Engagingly written filled with pictures and examples from areas as diverse as auto mechanics and biology Adhocism urges us to pay less attention to the rulebook and more to the real principle of how we actually do things It declares that problems are not necessarily solved in a genius s eureka moment but by trial and error adjustment and readjustment
