Witnesses A Tale Of Illumination:

The Witness of Art; Or, The Legend of Beauty Sir Wyke Bayliss, 1876 *Fictions of Witness in the Confessio Amantis* Joel Fredell, 2023-06-07 *Fictions of Witness in the Confessio Amantis* details the first years of the *Confessio*'s material history and offers a major revision to a century's old narrative of political revision and conversion around the trauma of 1400. Joel Fredell argues for late stage revisions by Gower to his great poem in Middle English from the late 1390s up to Gower's death in 1408. This approach new to scholarship for Ricardian and Lancastrian literature demands profound re-evaluation of Gower's poetic persona and its entanglement in the opening and closing books of the *Confessio*. It offers a reassessment of the political and literary relationships between versions dedicated to Richard II and Henry IV. It repositions Gower's laureate status in a London world of deluxe book production that created a canon of Ricardian poets linked to their fifteenth century inheritors. Finally it identifies for the first time how late medieval authors designed their poetry as fictional artifacts that witness history from quasi-chronicles like Maidstone's *Concordia* or Richard the Redeless quasi-petitions like the Lollard Petition to the King and Parliament quasi-epistles that begin so many texts quasi-transcripts such as the Record and Process of the Deposition of Richard II and so on.

Second Witness: Analytical and Contextual Commentary on the Book of Mormon Brant A. Gardner, 2007-09-01 Stop looking for the Book of Mormon in Mesoamerica and start looking for Mesoamerica in the Book of Mormon. *Second Witness* a new six-volume series from Greg Kofford Books takes a detailed verse-by-verse look at the Book of Mormon. It marshals the best of modern scholarship and new insights into a consistent picture of the Book of Mormon as a historical document. Taking a faithful but scholarly approach to the text and reading it through the insights of linguistics, anthropology, and ethnohistory, the commentary approaches the text from a variety of perspectives: how it was created, how it relates to history and culture, and what religious insights it provides. The commentary accepts the best modern scholarship which focuses on a particular region of Mesoamerica as the most plausible location for the Book of Mormon's setting. For the first time that location, its peoples, cultures, and historical trends are used as the backdrop for reading the text. The historical background is not presented as proof but rather as an explanatory context. The commentary does not forget Mormon's purpose in writing. It discusses the doctrinal and theological aspects of the text and highlights the way in which Mormon created it to meet his goal of convincing the Jew and Gentile that Jesus is the Christ, the Eternal God.
