The 5x questions checklist for an effective hybrid workplace model

01 What do people want?

As mentioned above, a successful hybrid work strategy and hybrid workplace model can only work if it's designed for the people.

Before making any significant decisions or investments, it's important to understand the preferences, needs, and expectations of the employees, IT staff, and the employees who will also need to manage it.

The way to build a hybrid work model is to first ask what things will be successful, and define the most common challenges that will arise.

How do you think about how you should define a successful hybrid workplace? How will you support the employees' needs and how will the organization be?

It's important to be ready to...
After that, the next phase is...
It's important to be...
