A Changed Man and Other Tales Thomas Hardy, 2016-01-04 CHAPTER I The person who next to the actors themselves chanced to know most of their story lived just below Top o Town as the spot was called in an old substantially built house distinguished among its neighbours by having an oriel window on the first floor whence could be obtained a raking view of the High Street west and east the former including Laura s dwelling the end of the Town Avenue hard by in which were played the odd pranks hereafter to be mentioned the Port Bredy road rising westwards and the turning that led to the cavalry barracks where the Captain was quartered Looking eastward down the town from the same favoured gazebo the long perspective of houses declined and dwindled till they merged in the highway across the moor The white riband of road disappeared over Grey s Bridge a quarter of a mile off to plunge into innumerable rustic windings shy shades and solitary undulations up hill and down dale for one hundred and twenty miles till it exhibited itself at Hyde Park Corner as a smooth bland surface in touch with a busy and fashionable world To the barracks aforesaid had recently arrived the th Hussars a regiment new to the locality Almost before any acquaintance with its members had been made by the townspeople a report spread that they were a crack body of men and had brought a splendid band For some reason or other the town had not been used as the headquarters of cavalry for many years the various troops stationed there having consisted of casual detachments only so that it was with a sense of honour that everybody even the small furniture broker from whom the married troopers hired tables and chairs received the news of their crack quality

**Far from the Madding Crowd** Thomas Hardy, 1916 **Life's Little Ironies** Thomas Hardy, 2015-12-28 CHAPTER I To the eyes of a man viewing it from behind the nut brown hair was a wonder and a

mystery Under the black beaver hat surmounted by its tuft of black feathers the long locks braided and twisted and coiled like the rushes of a basket composed a rare if somewhat barbaric example of ingenious art One could understand such weavings and coilings being wrought to last intact for a year or even a calendar month but that they should be all demolished regularly at bedtime after a single day of permanence seemed a reckless waste of successful fabrication And she had done it all herself poor thing She had no maid and it was almost the only accomplishment she could boast of Hence the unstinted pains She was a young invalid lady not so very much of an invalid sitting in a wheeled chair which had been pulled up in the front part of a green enclosure close to a bandstand where a concert was going on during a warm June afternoon It had place in one of the minor parks or private gardens that are to be found in the suburbs of London and was the effort of a local association to raise money for some charity There are worlds within worlds in the great city and though nobody outside the immediate district had ever heard of the charity or the band or the garden the enclosure was filled with an interested audience sufficiently informed on all these

Two on a Tower Thomas Hardy,2016-01-04 PREFACE This slightly built romance was the outcome of a wish to set the emotional history of two infinitesimal lives against the stupendous background of the stellar universe and to impart to readers the sentiment that of these contrasting magnitudes the smaller might be the greater to them as men But on the publication of the book people seemed to be less struck with these high aims of the author than with their own opinion first that the novel was an improper one in its morals and secondly that it was intended to be a satire on the Established Church of this country I was made to suffer in consequence from several eminent pens That however was thirteen years ago and in respect of the first opinion I venture to think that those who care to read the story now will be quite astonished at the scrupulous propriety observed therein on the relations of the sexes for though there may be frivolous and even grotesque touches on occasion there is hardly a single caress in the book outside legal matrimony or what was intended so to be

**A Changed Man and Other Tales**

Thomas Hardy, 2015-10 *A Changed Man and Other Tales* is a classic collection of short stories by Thomas Hardy that includes the following titles: Prefatory Note, A Changed Man, The Waiting Supper, Alicia's Diary, The Grave by the Handpost, Enter a Dragoon, A Tryst at an Ancient Earthwork, What the Shepherd Saw, A Committee Man of The Terror, Master John Horseleigh, Knight, The Duke's Reappearance, A Mere Interlude, The Romantic Adventures of a Milkmaid.

Thomas Hardy OM 2 June 1840 - 11 January 1928 was an English novelist and poet. A Victorian realist in the tradition of George Eliot, he was influenced both in his novels and in his poetry by Romanticism, especially William Wordsworth. He was highly critical of much in Victorian society, especially on the declining status of rural people in Britain, such as those from his native South West England. While Hardy wrote poetry throughout his life and regarded himself primarily as a poet, his first collection was not published until 1898. Initially, therefore, he gained fame as the author of such novels as *Far from the Madding Crowd* (1874), *The Mayor of Casterbridge* (1886), *Tess of the d'Urbervilles* (1891), and *Jude the Obscure* (1895). During his lifetime, Hardy's poetry was acclaimed by younger poets, particularly the Georgians, who viewed him as a mentor. After his death, his poems were lauded by Ezra Pound, W. H. Auden, and Philip Larkin.

2 Many of his novels concern tragic characters struggling against their passions and social circumstances, and they are often set in the semi-fictional region of Wessex, initially based on the medieval Anglo-Saxon kingdom. Hardy's Wessex eventually came to include the counties of Dorset, Wiltshire, Somerset, Devon, Hampshire, and much of Berkshire in southwest and south central England. Two of his novels, *Tess of the d'Urbervilles* and *Far from the Madding Crowd*, were listed in the top 50 on the BBC's survey *The Big Read*.

PREFACE The pedigrees of our county families, arranged in diagrams on the pages of county histories, mostly appear at first sight to be as barren of any touch of nature as a table of logarithms. But given a clue, the faintest tradition of what went on behind the scenes, and this dryness, as of dust, may be transformed into a palpitating drama. More the careful comparison of dates alone, that of birth with marriage, of marriage with death, of one marriage, birth, or death, with a kindred marriage, birth, or death, will often effect the same transformation, and anybody practised in raising images from such genealogies finds himself unconsciously filling into the framework the motives, passions, and personal qualities which would appear to be the single explanation possible of some extraordinary conjunction in times, events, and personages that occasionally marks these reticent family records. Out of such pedigrees and supplementary material, most of the following stories have arisen and taken shape. I would make this preface an opportunity of expressing my sense of the courtesy and kindness of several bright-eyed Noble Dames, yet in the flesh, who, since the first publication of these tales in periodicals six or seven years ago, have given me interesting comments and conjectures on such of the narratives as they have recognized to be connected with their own families, residences, or traditions, in which they have shown a truly philosophic absence of prejudice in their regard of those

incidents whose relation has tended more distinctly to dramatize than to eulogize their ancestors The outlines they have also given of other singular events in their family histories for use in a second Group of Noble Dames will I fear never reach the printing press through me but I shall store them up in memory of my informants good nature T H June 1896

**The Trumpet-Major** Thomas Hardy, 2016-01-04 PREFACE The present tale is founded more largely on testimony oral and written than any other in this series The external incidents which direct its course are mostly an unexaggerated reproduction of the recollections of old persons well known to the author in childhood but now long dead who were eye witnesses of those scenes If wholly transcribed their recollections would have filled a volume thrice the length of The Trumpet Major Down to the middle of this century and later there were not wanting in the neighbourhood of the places more or less clearly indicated herein casual relics of the circumstances amid which the action moves our preparations for defence against the threatened invasion of England by Buonaparte An outhouse door riddled with bullet holes which had been extemporized by a solitary man as a target for firelock practice when the landing was hourly expected a heap of bricks and clods on a beacon hill which had formed the chimney and walls of the hut occupied by the beacon keeper worm eaten shafts and iron heads of pikes for the use of those who had no better weapons ridges on the down thrown up during the encampment fragments of volunteer uniform and other such lingering remains brought to my imagination in early childhood the state of affairs at the date of the war more vividly than volumes of history could have done

**Under the Greenwood Tree**

Thomas Hardy, 2016-01-01 PREFACE This story of the Mellstock Quire and its old established west gallery musicians with some supplementary descriptions of similar officials in Two on a Tower A Few Crusted Characters and other places is intended to be a fairly true picture at first hand of the personages ways and customs which were common among such orchestral bodies in the villages of fifty or sixty years ago One is inclined to regret the displacement of these ecclesiastical bandsmen by an isolated organist often at first a barrel organist or harmonium player and despite certain advantages in point of control and accomplishment which were no doubt secured by installing the single artist the change has tended to stultify the professed aims of the clergy its direct result being to curtail and extinguish the interest of parishioners in church doings Under the old plan from half a dozen to ten full grown players in addition to the numerous more or less grown up singers were officially occupied with the Sunday routine and concerned in trying their best to make it an artistic outcome of the combined musical taste of the congregation With a musical executive limited as it mostly is limited now to the parson's wife or daughter and the school children or to the school teacher and the children an important union of interests has disappeared The zest of these bygone instrumentalists must have been keen and staying to take them as it did on foot every Sunday after a toilsome week through all weathers to the church which often lay at a distance from their homes They usually received so little in payment for their performances that their efforts were really a labour of love In the parish I had in my mind when writing the present tale the gratuities received yearly by the musicians at Christmas were somewhat as follows From the manor house ten shillings and a supper from the vicar ten shillings from the farmers five shillings each from each cottage household one shilling amounting altogether to not more than ten shillings a head annually just enough as an old executant told me to pay for their fiddle strings repairs rosin and music paper which they mostly ruled themselves Their music in those days was all in their own manuscript copied in the evenings after work and their music books were home bound It was customary to inscribe a few jigs reels horn pipes and ballads in the same book by beginning it at the other end the insertions being continued from front and back till sacred and secular met together in the middle often with bizarre effect the words of some of the songs exhibiting that ancient and broad humour which our grandfathers and possibly grandmothers took delight in and is in these days unquotable
