The Cinematic Novel and Postmodern Pop Fiction Décio Torres Cruz, 2019-12-05 D cio Torres Cruz approaches connections between literature and cinema partly through issues of gender and identity and partly through issues of reality and representation In doing so he looks at the various ways in which people have thought of the so called cinematic novel tracing the development of that genre concept not only in the French cin roman and film scenarios but also in novels from the United States England France and Latin America The main tendency he identifies is the blending of the cinematic novel with pop literature through allusions to Pop Art and other postmodern cultural trends His prime exhibits are a number of novels by the Argentinian writer Manuel Puig *Betrayed by Rita Hayworth* *Heartbreak Tango* *The Buenos Aires Affair* *Kiss of the Spider Woman* and *Pubis angelical* Bringing in suggestive sociocultural and psychoanalytical considerations Cruz shows how in Puig s hands the cinematic novel resulted in a pop collage of different texts films discourses and narrative devices which fused reality and imagination into dream and desire

*Seeing Hardy* Paul J. Niemeyer, 2015-10-05 Great authors are increasingly being encountered by general audiences and critics thanks to films and television programs that have been adapted from their best known works Thomas Hardy is one of those authors His work has inspired filmmakers from the silent age and modern times This book is the first book length study in what has become a growing field of interest in film adaptations of Hardy s novels Part One of this book analyzes the popular image of Hardy and his work the reproduction of this image in film adaptations and critical stereotypes about him and his fiction Part Two juxtaposes Hardy s *Far from the Madding Crowd* and Schlesinger s adaptation

Hardy's *Tess of the d'Urbervilles* and Polanski's adaptation and Hardy's *Jude the Obscure* and Winterbottom's adaptation. Each discussion of the novel and adaptation in question considers the novel itself, the critical history of the novel, how it has been adapted to film, and how the individual filmmakers have struggled with problems inherent in Hardy's novels. Part Three analyzes adaptations of *The Woodlanders*, *The Scarlet Tunic*, and *The Claim*, all of which have scarcely been seen in the United States or which were not distributed in the United States, and four television movies and miniseries that were based on Hardy's work.
