TURBULENT ERA J. C. GREW,1953 **Before the Bomb** John D. Chappell,1997-12-01 Almost forgotten in the haze of events following Nagasaki and Hiroshima the summer of 1945 witnessed an intense public debate over how best to end the war against Japan Weary of fighting the American people were determined to defeat the imperial power that had so viciously attacked them in December 1941 but they were uncertain of the best means to accomplish this goal Certain of victory the inevitable triumph promised by Franklin Roosevelt immediately after Pearl Harbor Americans became increasingly concerned about the human cost of defeating Japan Particularly after the brutal Iwo Jima and Okinawa campaigns syndicated columnists newspaper editorialists radio commentators and others questioned the necessity of invasion A lengthy naval and aerial siege would have saved lives but might have protracted the war beyond the public s patience Advertisers filled the media with visions of postwar affluence even as the government was exhorting its citizens to remain dedicated to the war effort There was heated discussion as well about the morality of firebombing Japanese cities and of using poison gas and other agents of chemical warfare Chappell provides a balanced assessment of all these debates grounding his observations in a wealth of primary sources He also discusses the role of racism the demand for unconditional surrender and the government s reaction to public opinion in the decision to drop the atomic bomb Compelling and controversial this is the first work to examine the confusing and contradictory climate of the American home front in the months leading up to V J Day **The**

Freedom Betrayed Herbert Hoover,2013-09-01 In Freedom Betrayed Herbert Hoover s Secret History of the Second World War and Its Aftermath former president offers a revisionist reexamination of World War II including his frank evaluation of Franklin D Roosevelt s foreign policies before and during the war He also examines the war s consequences including the expansion of the Soviet empire and the eruption of the Cold War Herbert Hoover launched this extraordinary literary project during the war and it was finally published nearly fifty years after its completion On issue after issue Hoover raises crucial questions that continue to be debated today Did Franklin Roosevelt deceitfully maneuver the United States into an undeclared and unconstitutional naval war with Germany in 1941 Did he unnecessarily appease Joseph Stalin at the pivotal Tehran Conference in 1943 Did communist agents and sympathizers in the White House Department of State and Department of the Treasury play a malign role in some of America s wartime decisions Hoover raises numerous arguments that challenge us to think again about our past **Turbulent Era, a Diplomatic Record of 40 Years, 1904-1945.
