explosive controversy by announcing that Hagia Sophia would now be modified into a mosque This decision provoked fierce criticism from UNESCO because Hagia Sophia was enjoying World Heritage Site benefits The United States the European Union Russia and Greece all chimed in However Erdo an s action was wildly popular in Turkey with its 99% Muslim population Why is Hagia Sophia so important to modern Turkey Why this provocative decision and why now How could all the international critics be ignored Why does the world care so much about this old building Why should it continue to care This book explains President Erdo an s controversial decision in terms of Turkey s national independent and Islamic politics and as a response to the mosque massacre in Christchurch in March 2019 when his life was threatened by the gunman Any consideration of Hagia Sophia s present and future also requires appreciation of the almost 1 500 year old story of this architectural marvel from its inception as a church in 537 to its configuration as a mosque in 2020 and beyond Because all world heritage sites depend on national management Hagia Sophia will remain Turkey s responsibility but the international community is watching to ensure Turkey honours Hagia Sophia s entire heritage from the 6th century to the 21st century
